Product Dimensions: 8.4 x 0.3 x 10.9 inches

Shipping Weight: 13.6 ounces (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars 14 customer reviews

Best Sellers Rank: #269,105 in Books (See Top 100 in Books) #61 in [Books > Children's Books > Education & Reference > Math > Fractions](#) #203 in [Books > Children's Books > Education & Reference > Reading & Writing > Grammar](#) #4099 in [Books > Children's Books > Activities, Crafts & Games > Activity Books](#)

Customer Reviews

Kumon is ahead of Florida's Common Core studies. Subsequently, I was teaching my child math facts that she had not yet learned fairly early in the book. I, however, enjoyed the way in which it challenged my child.

Very good, my only complaint is that there is not enough space to do the work on the math problems. We have to do most of the work on a separate sheet of paper, then just right the final answer on the sheet. This is a great "warm-up" tool before the start of each day.

Love these to help bridge the gap over the summer, Kumon rocks! I homeschool so we never really stop learning in my eyes but these help for over the summer when you want to take it a little lighter depending on your lesson plan or if your child is in public school I love these because they cover a little of everything that is most important.

Been using these workbooks for years to keep up granddaughters skills during the summer. Just the right amount of work so they don't forget everything theyve learned. It also gives kids a head-start when school begins again.

Great review book for my daughter. It is a wonderful way to practice skills and review for the fall. Will be purchasing future books from this company.

my niece is enjoying this book and she is learning a lot. The only problem is that there are not enough pages in this book for the price I paid for. Wish it has the same pages as the Big workbooks 360 or the daily learning drills workbook 416.

Great. I love these books they help us to get ahead during the summer

This book has kept us on track this summer. A helpful review of 4th grade and a good preview of 5th grade work for Math and Reading. I really like the stickers!
