Learn Italian With Learn Beginner Italian Lessons 6-10: From Learning Like Crazy

Synopsis

This program consists of audio lessons 6 to 10 from Learning Italian Like Crazy. It will teach you how to speak authentic conversational Italian. I have only used native Italian speakers in this program to make sure that you develop an authentic Italian accent. If you are not concerned with learning how to speak real everyday conversational Italian, then this program is probably not for you. I understand that there are people who only want to learn enough Italian to communicate with a hotel clerk, restaurant waiter, flight attendant, etc. when they take their next trip to Italy. But there are others who want to learn enough Italian so that they will be able to develop meaningful friendships and relationships with Italian speakers. If the latter category best describes you, then this program is for you. This program also puts a major emphasis on improving pronunciation. Some people have a natural ability that allows them to quickly develop native-like pronunciation. You probably know someone who is this type of person. We have all seen or heard someone who can imitate the voice of a famous politician, actor, singer or other celebrity so well that you could almost be fooled into thinking that you are actually hearing the famous person speak. Unfortunately, I was not born with that talent. I had to learn certain techniques to improve my pronunciation when learning foreign languages. Those same pronunciation-enhancing techniques are incorporated into this program. So if you've struggled to improve your Italian pronunciation in the past, after completing this program don't be surprised if native Italian speakers begin to compliment you on your pronunciation.

Customer Reviews

I haven't had the time to even open this ebook. But I recently finished the audio book from this company's "Learn Italian with Beginner Italian Lessons 1 - 5" and really enjoyed it. I just started on the audio version of this program which consists of Lessons 6 to 10. I am really looking forward to starting the remaining Italian lessons in this series. I can easily see myself becoming a polyglot with these lessons. One thing that I really like is the convenience of these programs. I downloaded the Audio app so I can listen to the lessons in my car or when I am taking a long walk.

Five stars. Great teaching method. I can only say good things about it.
