The Complete Idiot's Guide To Palmistry, Second Edition

Synopsis

Your future is in your hands. This updated and revised second edition covers palm and hand reading, including an in-depth look at individual fingers, lines, and the shape of the palm, and how these can be read to reveal personal insights. • All-new information on health, happiness, and well-being and how a reading can interpret them • Worksheets to help beginners chart the dominant characteristics of the hand and what they mean in a reading • Exercises, examples, and detailed line drawings to ease beginners into the practice of palm reading • Perfect for beginners and a good quick-reference guide for more experienced palm readers

Best Sellers Rank: #417,378 in Books (See Top 100 in Books) #17 in Books > Religion & Spirituality > New Age & Spirituality > Divination > Palmistry

Customer Reviews

ROBIN GILE has more than twenty years of professional palm reading experience. He has taught palmistry to hundreds of students at conferences, lectures, workshops, and professional readings throughout the Southwest. He lives in Albuquerque, New Mexico.

Useful for a beginner such as myself. The directions are clear and explained with pictures and real readings the author has done. Robin Gile is an experienced palm reader and it shows in the book. I wish the publishing company would quit calling the series "Complete Idiot's Guide to..." but after getting past that, the books I have seen are well written by an expert in the field with a coauthor who is the writer side of the team.

This is the third book I have read about Palmistry. I do like the way it's written with a real sense of

humor. However, to me there is way too much information to handle all at one time. Kind of like being swamped with that particular subject when you weren't ready for it. Real pictures of hands to study would be much more helpful too. A good book, but it has its limitations.

Fast arrival, wife loves the book! Just as described.

Fantastic book for beginners

I am having such fun with this book. Just wish it had a different title that was inspiring rather than degrading. The information is terrific and I appreciate very much the years of experience that led to much of this wisdom. Great resource for anyone in love with reading hands.

It was missing the tear out drawing of the hand which was very helpful. Studied from this book years ago, and glad to find it again at such a reasonable price.

Great product

This book is great for getting in depth knowledge of Palmistry. It covers the history of palmistry, to experiences from a seasoned palm reader & psychic.
