## Synopsis

Thoughtful and carefully-written, *Family Law for Paralegals* presents the nuts-and-bolts in a relevant historical framework with exposure to some of the most dynamic issues in family law today. The comprehensive coverage balances the basic issues of marriage and divorce with cutting-edge concerns such as non-marital families, child abuse and neglect, and same-sex marriage. Helpful real-life examples and sample forms show students what they will encounter in practice. Useful pedagogy helps students develop their critical thinking and writing skills, and a range of assignments in each chapter provides practice in research, analysis, memo-writing, and argumentation. Fresh new cases enliven the Sixth Edition. New material features changes in the law relating to same-sex marriage as well as technological innovations such as e-filings for divorce. ## Customer Reviews

I have order many used books from throughout my education and have been very pleased.

Unfortunately I am not pleased with the quality of this book at all. I do understand that I ordered a USED book but there are more markings on the pages and personal notes than expected. Many of the markings have bled through the pages. I was very surprised to see this quality. The outside of the book is ok again it's used, so I expect there to be some marks or bends.

Great information, but very long chapters.

Great if your pursuing a family law career.

I love it as much as you could for it being a textbook. It arrived and was brand new and hopefully will serve it's purpose for my class.

Good

Great product!!

Great resource for my paralegal course. Book was received in perfect condition, especially for a rental. This textbook provided a clear foundation from which to build upon to better understand laws in my state.

Brand New, Low Price.
