The Law Of Schools, Students And Teachers In A Nutshell (Nutshells)

Synopsis

This text captures the key points of the precedents governing student rights and responsibilities relating to attendance, speech, expression, religion, discipline, grades, tests, drugs, search and seizure, the emerging law of social media, i.e., cyberbullying, and the range of procedural due process interests. The book further addresses the range of constitutional rights and protections for teachers as well as employment terms and conditions, including contracts, tenure and potential liabilities.

Best Sellers Rank: #31,537 in Books (See Top 100 in Books) #6 in [Books > Law > Specialties > Educational Law & Legislation](#) #335 in [Books > Textbooks > Law](#)

Customer Reviews

Good book for quick reference!

Can be somewhat clumsy from a format perspective, but being able to locate specific data (by searching for words and phrases) is great. And, having removable highlighting is a plus. I have been using electronic texts for a while and have found them useful. But, have had to buy computer glasses due to eye strain from looking at computer screens for so many hours. Nice option, though. And, a good value.

It is a very small book, which does make it difficult to read as an older student. However, it was sent promptly and in good condition.

Must have for Educational Law students .

I have other law books like better. This is a small book, but it is crammed with tiny print.....not sure that is my version of "in a nutshell".

Great Book easy to read , well written, excellent for school administrators and teacher training program.
