Read the shocking story that the media have ignored and covered up. In 2007, two Israeli news publications, *Israel Today* and *News First Class* reported that the most famous Rabbi in Israel's modern history, 108-year-old Yitzhak Kaduri, had left a cryptic death note revealing the name of the long-awaited Messiah. Within a year after the rabbi's death, the note was reported to have been verified as authentic by some of Kaduri's closest followers and then placed on Kaduri's own website (Kaduri.net). The purported Kaduri message proclaimed that Messiah's name was Yehoshua, or Jesus. Its significance shocked the religious world. Shortly thereafter the furor began. The note immediately disappeared from Kaduri's website. The media refused to report further upon the matter. The Kaduri family, and several others close to the Kaduri ministry, began to claim that the note was a forgery or a mere fabrication - a cruel joke. Now, author, senior pastor, radio talk show host, and former law enforcement officer Carl Gallups, uses his biblical knowledge and journalistic and investigative skills to explore the matter inside and out. His thorough and balanced reporting of the documented facts of the case will astound you. Messianic Rabbi Jonathan Cahn, author of *The Harbinger*, several renowned biblical experts, as well as former students of Kaduri's rabbinical training school weigh in on the case. Gallup's exciting detailed reporting reaches startling conclusions that will amaze you. Mystical death-curses, visions of Messiah, an important world political figure under threat, religious leaders in shock, a cryptic death note, and more, this story is shocking, it is true and it is still unfolding. Did Rabbi Kaduri actually see and identify the real Messiah? From the publishers and the movie studio that brought you the best-selling documentary *The Isaiah 9:10 Judgment* comes the story of *The Rabbi Who Found Messiah*.

"With great skill, scholarship, and penetrating Scriptural insights, Carl Gallups explodes one of the biggest bombshells of our lifetime. The implications of these astonishing declarations from the most venerated ultra-orthodox rabbi in Israel impacts every one of us--not just those of the traditional Jewish faith. This is a must-read for anyone who takes God seriously." -- Bestselling author Chuck Missler"Carl is a master communicator, both orally and in writing. And he has a gift of being able to provide biblical interpretations to contemporary national and international issues. This book is completely different from his first one (THE MAGIC MAN IN THE SKY). It reads more like a mystery novel. Carl was in the field of law enforcement for ten years before he entered the ministry, and his training as an investigator clearly shows up in this book as he applies investigative techniques to analyze one of the most explosive events in the modern history of Orthodox Judaism. So, get ready to be captivated by the story of an event that recently shook the foundations of Orthodox Judaism. You will be fascinated by the event, and you will be mesmerized by Carl's insightful analysis of it." -- Dr. David Reagan Lamb & Lion Ministries Christ In Prophecy TV "When a much loved Jewish Rabbi dies at 106 years of age, shortly after leaving a secret message revealing the true identity of the Messiah of Israel, it is news of worldwide significance. Based on the information on the cover and inside flap, I expected an account of a rabbi who had a Damascus road experience. Unfortunately, this book ended with the same unanswered questions it posed at its beginning. I was very disappointed. At the most, this information warranted a magazine article.

A mere skim through the pages of this--albeit well-intentioned--work immediately raises several red flags. On the the basis of the introductory contributions alone (particularly page VIII), I became skeptical. Why in the world would an author who takes the word of God seriously, use this particular excerpt by Lawrence Jaffe to commend his book! If this quote was necessary to make a point, it could have been incorporated elsewhere. However, to be fair, I did invest further time; still, I can only say that although the work has some interesting aspects, it fails to live up to the expectations that had been raised by a source I had trusted before. If one looks to have one's spirit sharpened...perhaps other readers will fare better than I.

A very well written book. It is a book for those seeking more information about the end times or those looking for a better understanding of what they have already learned. If you are looking for a book to read for pleasure this book is not your cup of tea. I can highly recommend this book. To the

author a "Well Done!"

Very interesting reading.Lots of information.

no issues

Interesting of the rabbi's life, but the author's analysis and conclusions are quite a stretch, leaving me incredulous.

This book gives to much personal opinion of the author and I wish he would concentrate more on the message of the Rabbi and the results of that message on the Jewish community. Too much background story is given that is unnecessary.

Very good journalist job. However, the author could have done a better job if he had engaged deeper with the unclear and ambiguous Kaduri's pronouncements about Yeshua's identity.
