Now available in MP3 format, this audio Bible is the best you could own. The audio NIV Bible is more than a Bible you listen to -- it is an experience which helps you enter the Word of God and have it live in you.

While learning Spanish one of the most difficult hurdles has been understanding the spoken voice of native speakers. With so many different accents and slang it's been hard to listen to a conversation and keep up. Some conversational Spanish CDs have only a few short tracks of conversation which helps a lot, but I needed more. Watching Univision and listening to Spanish radio was too hard. This is just what I need right now in my journey to master the Spanish language. Hours and hours of conversational Spanish, and if I have a hard time understanding something I have a Spanish Bible as a reference.

If you want to hear a sample of the guy's voice who reads this - go to [biblegateway](#) and listen to the NIV audio. It's the same guy and recording. One thing I was faced with when searching for a Spanish audio Bible was that I wanted authentic Spanish to hear, not how I would say the words

when I read it out loud to myself. I am happy with this!

I did not give this Bible 5 stars for the mere fact that it is not dramatized. It is great to be able to have the Bible read to you but in my opinion it starts to get boring after a while. I own the English version NIV Dramatized and I love it. The music is very subtle, not intrusive at all. The text is read in different voices with inflection and everything. In my opinion it makes it easier to remember. Unfortunately, I don't think that there is a dramatized version in Spanish yet. Still, I do recommend this audio Bible. I downloaded it into my iPod and I listen to it when I am on the road. You have to make sure you have around 3G free in your iPod to fit it all in.

Great tool and I listen to this all the time.

I'm not very happy with this product. The narrator speaks too fast, like he is on a time clock. My intention was to listen to the CD and read my English / Spanish bible, hoping to pick up on the more difficult pronunciations. Buena Suerte!

GOOD AUDIO.

This is a great way to follow through in the Bible. The words are very clear and Rafael Cruz does an excellent job of keeping your attention. This is also a great way to hear the proper pronunciation of the words in the Spanish language.

Excellent
