Dan Carlinsky is a writer and literary agent. Previous editions of *Do You Know Your Husband?* and *Do You Know Your Wife?* have sold more than 250,000 copies.

You may think you know almost everything there is to know about the man you've chosen to be your groom. Trust us, this little book will show that really, you don't. No matter how long you two have known each other, no matter how much you've talked-about matters both serious and foolish-there's plenty you haven't yet learned about him. This hundred-question quiz will help you to educate yourself, so grab a pencil and see how you do. You won't find the answers in the book, of course. For those, you'll have to check with your man. When you do, you'll find yourselves talking to each other about each other: your likes and dislikes, your beliefs and opinions, and stories and facts

about your pasts. They're little things, sure, but they aren't insignificant. They're the bits and pieces that make up who we are. And knowing about them is much more than collecting mere personal trivia. Knowing is caring. Score ten points for each correct answer (taking partial credit wherever you can) and rate yourself according to this scale: Above 900: What a performance! 800-900: Very good for a couple just starting out. 600-790: Pretty good. You'll improve as time goes by. Below 600: Ask your groom for a remedial course. Good luck.

We got these as wedding gifts and completed them on our honeymoon. So fun!

Fun - a lot to go through though, take it a few questions at a time. I got this for my wedding and I bought it for a bridal shower as well. Be wary of who the recipient is, if they are sensitive they might think you are suggesting they don't know their intended well enough. Happened to me.

I bought this and the Brides edition as well for when my husband and I went on our honeymoon. It was SUPER fun! We didn't complete too much of it at the time, but was fun on the plane and much more fun after some drinks. We did a few more questions on our 5 year anniversary (with some more adult drinks this time :) It was so much fun. We had been together for 15 years at that time (5 yr. ann) but still had much giggles. Bought it for my cousin as a side gift for her wedding just a short time ago- we'll see what she say's. I definitely suggest it !!!

Love these bride/groom books, they're my go to for bachelorette party gifts, I received them as a gift when I got married and my husband and I had a great time filling them out on our honeymoon, good/fun set of questions!

I was given this while I was engaged, and have purchased it for other people. It's a fun silly thing to

do with a bottle of wine and can lead to some good conversation you might not have had yet.

Cute book. Great gift.

Gave this to a bride at her wedding shower (and it's counterpart - "Do You Know Your Bride?") and everyone liked it, trying to answer all the questions themselves. Are they really deep, thought-provoking questions? No, but it is just a fun thing to do together. It's not meant to be marriage counseling, people.

Fun for engaged couples! We keep it on our nightstand and go through a few questions before bed.
