Customer Reviews

Not very good.

I really like this book. I filed Ch. 7 (pro se) about 3 years ago and I wish I had this information. It's not easy but it's not the hardest thing to do either; especially with so many resources out there. It's mostly paperwork and putting every aspect of your finances on paper. It's a lot of great step by step info if you're brave enough to tackle it yourself. I like how he recommends NOT doing it on your own throughout the book depending on the complexity of your situation.

Mr. Viscosi provided excellent information about the bankruptcy proceeding and clearly explained the forms to file pro se. I was unclear about what was exactly needed to file the petition myself but felt really confident after reading this book. He provided great examples, links, and references.
