Why I March: Images From The Women's March Around The World

Synopsis

On January 21, 2017, five million people in 82 countries and on all seven continents stood up with one voice. The Women's March began with one cause, women's rights, but quickly became a movement around the many issues that were hotly debated during the 2016 U.S. presidential race—immigration, health care, environmental protections, LGBTQ rights, racial justice, freedom of religion, and workers' rights, among others. In the mere 66 days between the election and inauguration of Donald J. Trump as the 45th President of the United States, 673 sister marches sprang up across the country and the world. ABRAMS Image presents *Why I March* to honor the movement, give back to it, and promote future activism in the same vein. All royalties from the sale of the book will be donated to nonprofit organizations affiliated with the March.

FOH Army.

I participated in the march in DC and recognized so many things in this book. It is organized by

countries and cities and includes pictures that represent the themes of support and protest across the world. It is a paperback, about 7" by 8" and the paper quality is good. I participated in the march in DC so this will be a great memory for years to come. I didn't take many pictures because it was just too crowded and the pictures are great quality.

Beautiful book, a wonderful reminder and memento of the day. Very happy that all the royalties are donated to charity.

So many great images from all over the world. Really shows the breadth and sheer numbers of the march heard round the world. Get this, whether you want to flip through it for inspiration or someday share it with your grandchildren as a piece of history.

I marched in Washington DC and really wanted a collection of photos to commemorate the occasion. An added bonus were photos from marches from around the world. I was glad that the proceeds of this book went towards many of the non-profits that supported the Women's March.

I walked at the March on Washington and this book brought me right back to the feels of the experience. This book is beautiful and powerful I bought one to keep for myself and a couple to give to friends. If you marched or are interested in the march, buy this book it's lovely and really really well done.

This is a wonderful collection of photos and posters from the women's marches around the world. It's inspiring, funny, and tragic all at the same time to see the breadth of issues being raised for attention as a result of the Trump administration. You go women (and guys) - let's make a difference!

My sisters and I are signing this for a Mother's Day gift - we were all at different marches across the country and the photos in this book capture the experience very well. And proceeds go to charity. It is a simple production, but great price.
