Flavor Of India Travel Guide: Everything You Need To Know About Sightseeing, Cuisine, And Etiquette To Have An Amazing Trip (Asia, East Asia, Japan, Lonely ... Buddhism Delhi, Holiday, Vacation,)

Synopsis

If you've ever traveled to a foreign country before for the first time then you know just how exhilarating it can be. However, being in a country that has inherited a different language and culture other than your own can be tricky and monotonous at times. Where should you stay? Where should you eat? How do you communicate with the locals without being offensive? If you're looking for a compact and concise guide on how to make the most out of your trip to India, this is the book for you. I have spent countless hours of writing and research on India and am proud to finally present this travel guide that provides everything you need to succeed while on vacation there. Within this book are numerous lists on what to see, what to eat, and how to interact with the local population without becoming a social menace! I am extremely pleased to finally bring you this book as I know it's going to help so many travelers get a better picture of what traveling this country is like. I had a blast making this book and I know you'll have a blast reading it! Here Is A Preview Of What You'll Learn...10 Must Have Items to Make Your Trip a Breeze The 8 Best Restaurants That You Just Have to Try For Yourself to Fully Experience India 14 of India's Most Breathtaking Sightseeing Attractions Why International Travel and Specifically Traveling to India can Widen Your Perspective and Increase Overall Happiness How to Keep Your Family, Money, and Passport Safe Immersing Yourself in India's Culture Annual Festivals and Holidays You Can't Miss Simple Conversation and Phrases to Help You Communicate Much, much more! Customer Reviews

I thought at first when I came to the end of this "book" that somehow I'd accidentally ordered a sample instead of the whole thing. Nope - I just paid money for something that had the gall to call itself 'Flavor of India' whilst citing butter chicken as a must-eat dish, not to mention that it began the chapter dedicated to food with the extremely patronising line "India is not all spicy curries." Quite honestly I can't believe that this threadbare collection of lowest-common-denominator travel tips was given the green light by any publisher. I cannot recommend it under any circumstances - if you are REALLY looking for a way to waste a dollar and fifteen minutes, buy a scratchie.

This is a really good guide , if you're looking to travel to India , you must read it , India is a country of cultures , from Bollywood Movies to Famous Cuisine like tandoori chicken or Nan to Tourist destination like the Taj Mahal , you will learn a lot about India , this book will also help before your departure with advices ,i recommend this book to anyone looking to travel to India or willing to learn about the country

I have never been to India, so this guide turned out to be very useful for me. While reading it, I learned a number of things about the kinds of gifts one should not buy for people living in India and the types of food available for consumption during a staycation there. As I will be embarking on a tour to the country a few months later, it's rather refreshing to discover some relevant information before going to a foreign country. Thanks for sharing!

this book gives extremely valuable information about India. I have to say I learned a lot about the culture Thanx to this book. The good thing is it was not boring at all. A lot of travel guides are written in a monotonous manner as well as being too long. This book was so not!.An excellent resource and well worth the money.

A guide to India in 23 pages? Who is she kidding? This is a book that probably took less than a day to assemble from a few online sources. Nothing about it even gave the feeling that she had spent any time in India. A little about a few random destinations, some general guidelines (but less than you'd find at the beginning of any decent guidebook), a little about cuisine...

This is a good guide to know the basics of India. India is very big and it is very difficult to talk about all the regions and peculiarities of the different parts of the Country in a book. That is why this book will show you just some of the most important things you want to know if you are planning a trip to India
