McGraw-Hill authors represent the leading experts in their fields and are dedicated to improving the lives, careers, and interests of readers worldwide

The best book on this subject that I have reviewed. Colorful, well organized and beginning at just the write point for a seventh grader. I am using this book in conjunction with Spectrum Writing fore grades 7 and 8.

I just received the book good condition and looking forward to tutoring my son this summer with this book. It has all the pages and everything in check in the book.

Book is very good, bought from third party merchant. My daughter has this book for her 6th grade. Contents and quality good. Very heavy!

Great book. Texas edition It will be used for my upcoming 7th grader who is homeschooled.

Good

I love the format and the combining of Writing with Grammar. Each story begins with the author's background. The students love this text. It also includes mini skill lessons!

I love that it has so many writing assignments yet still brings in the lessons of writing/grammar that has been instructed since the kids were young. It continues to enforce the importance of proper writing skills.
