I like it but it refers to online materials and I'm not sure how to get the online materials which is supposed to have some of the answer keys and such.

Great book and review very easy to understand

Being a foreigner and not used to the GED testing, this book has been an eye opener and extremely valuable resource! I can highly recommend it to anyone preparing for the GED - the tips and sample tests, as well as "what exactly you need to know" is really helpful. We are almost done with the Social Studies Section and haven't reviewed the other sections yet, but based on our experience thus far, it is definitely a worthwhile investment.

Very helpful
