# My Little House Crafts Book: 18 Projects From Laura Ingalls Wilder's Little House Stories (Little House Nonfiction)

## Synopsis

Make the same pioneer crafts that Laura did! In her beloved Little House books, Laura Ingalls Wilder tells of her pioneer childhood growing up on the frontier. Because the Ingallses often lived far away from any stores, and because they had little money, Laura and her family had to make most of their own household items, using whatever materials were available. Now, with MY LITTLE HOUSE CRAFTS BOOK, you can share a part of Laura's pioneer days by learning how to make the same things that she and her family made for their little homes on the frontier. Inside this book are easy, step-by-step instructions for 18 crafts taken straight from the pages of Laura's Little House books. All you need to get started are a few simple supplies, and you're on your way to making fun and useful pioneer crafts that you'll cherish forever.

Carolyn Strom Collins and Christina Wyss Eriksson grew up reading the Little House books. Hoping to answer some of their questions about Laura and Little House, they visited every Little House site and museum and did in-depth research on Laura and her family. The result is The World of Little House. Both authors live with their families in the St. Paul-Minneapolis area of Minnesota, about a four-hour drive from where Laura lived in On the Banks of Plum Creek. In addition to writing The

World of Little House, they are also the authors of My Little House Crafts Book, The Anne of Green Gables Treasury, and The Little Women Treasury. Mary Collier has illustrated The Narnia Paper Dolls: The Lion, The Witch and the Wardrobe collection and The Secret Garden picture book. Ms. Collier lives in Dana Point, CA.

We are using this in a Little House thematic unit for Homeschool and it really helps to tie all the stories together, we use this in alternation with the Little House Cookbook and do one or two projects each week! It is wonderful to see my 9 yo daughter creating her own variations of the craft by herself later in the week! I thin this a great book for Moms and daughters wanting to share the Little House Books together in an interactive way!

my 9 year old daughter has enjoyed reading this book and getting crafty ideas for things to do this summer. We decided that we are going to do a lot of them this winter when it is too cold to go outside and play. This to me is a great gift for any child...

The book arrived in good condition. I expected a little more reference from the Little House books.....The crafts I thought would be better described from the original text.

I am so excited to try these crafts from one of my favorite book series.

Old time crafts! Great for small classroom projects.

I enjoyed reading this book. I hope to make some of these projects at some point. I watch Little House on The Prairie nearly every day.Thanks

This is perfect for our granddaughters who have just travelled across the states to Colorado and on the way visited the Ingalls farm and had a ride in the covered wagon!

I was hoping this would have some awesome crafts to do. Nothing special, I was disappointed. So was my daughter.
