1123 Hard To Believe Facts: From The Creator Of The Popular Trivia Website RaiseYourBrain.com (Paramount Trivia And Quizzes)

Synopsis

The book will be your strongest ally in combatting social awkwardness and will arm you with plenty of icebreaking pieces of trivia, suitable for any occasion. Following the success of my site RaiseYourBrain and numerous requests from readers, I decided to compile some of the most interesting facts in a book. That's why I decided to collect the best gems of breath-taking trivia and to present you a great compilation of verified facts, suitable for a broad audience. This is the result of years of sifting through history and reference books on a myriad of subjects as well as searching the Internet and paying attention to the news. This book is intended to be fun for anyone older than 14 - even the most **Åçâ -ËœspicyÅçâ -â,,ç** entries, neatly separated in the chapter "Facts about human and animal sexualityÅçâ -Â•, remain factual and abstain from profanity. To my greatest delight, an avid reader of my site explained that she has been preparing daily fact sheets for her sonÅçâ -â,,çs lunch box. She prints out three facts every day to create some lunchtime fun for her son, thus enticing him to read more and provoking his intellectual curiosity. I wish my parents had done something like that for me! I confess that most trivia books are insufferably boring. This book is different, packed with interesting, educational and fun ingredients; it seeks to entertain as well as challenge. It will provide you with never-ending intellectual ammunition for a lifetime of dinner parties. You will amaze your friends and family by recounting to them that the greatest Chinese pirate of all times was a woman, or that herrings use flatulence to communicate!

Customer Reviews

I prefer books that have some substance or explanation. This is just short sentence after sentence. Not much more than bullet statements.

Great interesting facts book. Served my purpose well of putting in our monthly news letter. Will order volume 2 when I need to. I would recommend to a friend.

Great!

If you are going to buy just one fact book, buy this one.

I feel smarter !

Excellent book, fun to read, highly recommended!

Very interesting and I learned many new things.

Over a thousand facts, which, like opening a bag of candy, you say to yourself "just one more" until, all too soon, there are no more. Fills your brain, not your belly. At least it's non-fattening and sugar free.
