Bought as a textbook in one of my college classes.Good price,about a quarter of the price the college bookstore wanted.Great Deal!

This book is a great introduction to sales for those of you with no prior sales experience. For those of you already in sales, I would recommend looking elsewhere. It was the textbook for a course on sales that I took at junior college and served its purpose at the time. It helped me get a clue of what to expect in sales, but truth be told, there is nothing like just doing it.
