Thanks

This is an excellent book!! Every song has at least two breaks, plus backup which is actually written out. Plus, the included CD gives two versions of every song. One complete with full band, and one without the banjo so you can play along with the band. Plus, there's software on the disc that allows you to slow it down on your computer without changing the pitch. There's a bluegrass book by the same author. And they're older, "GOOD" bluegrass songs. There are also performance notes by the author for each song, with hints, comments, etc. Good book. It lists \$14.99.
