Mercy: A Dark Erotica

Synopsis

WARNINGThere are memories and actual scenes in the story that could be triggers for those who have suffered abuse. I did my best to shelter the reader at the more abusive parts while bringing to life this story of darkness meeting mercy, (who is a woman named Mercy, in this story). So read with caution. **** As a sadomasochist, Sade just wants to get and give pain in manageable and somewhat legal doses. All Mercy wants is to walk in her father's footsteps--a man who sacrificed everything to save her from a life of abuse and suffering. When Mercy finds an envelope on her doorstep leading her to Sade, the result is a collision of pain and mercy. For Sade, Mercy's kindness is dessert for his sadism, and her strength has his masochism hot and begging. Exploiting both for his own pleasure is his plan until he realizes that Mercy's got her own love bites game. And playing it requires something he's never had.

Customer Reviews

Wow! Very unexpected!This book is raw, real and eye opening to say the least. The journey that

Sade & Mercy make is nothing less than remarkable. Individuals that have gone through horrific experiences as the hands of another will fully understand the pain felt by both Sade & Mercy. Working through pain and emotions is no easy task as they learn each others secrets and try to work through them together. I could feel the raw feelings of Sade's rage thorough the pages it literally had me clenching my teeth! Oh Mercy, her outlook on life and wanting to help Sade while dealing with her past demons as Sade helps her in ways she didn't want to face. I loved how well they were both so broken that they made each other whole. Finding that they belong together and love each other, it gives real people hope for a future no matter what demons we face in real life; a fantastic message! A strong point that I love about this author is that the characters are strong, both the men and women, in mental, physical and emotional. This book just release and I can hardly wait for the duet! Well done Mr. Bane

Wow, this book is amazing! I absolutely loved it! Sade & Mercy have lived such tragic lives. Their journey is truly amazing, I felt the sorrow, happiness and all the emotions Sade and Mercy felt. This book gives you so much hope to know that things in life while they maybe bad can always get better with the right people part of it. I laughed, cried and screamed while reading this book! I'm so emotional still while typing my review! Well done Lucian, amazing!!!

When an author can create a story with characters that reach out and stop your heart from beating while you find your breath, that author is truly gifted! That is what Lucian Bane has done with this book. Sade and Mercy's emotions were triggers for my own. Their path was unfamiliar to me, but I truly felt their pain and their need to heal each other. DAMN, this book is simply phenomenal!!! see Sade and Mercy each as a pile of broken pieces. They are individuals that are held together only by their physical bodies because their souls have been so damaged that they are shattered inside. Fate, in the form of a special envelope, brings them crashing together. I knew right then my emotions were in for a ride that was going to gut me! Even though I had read all of the snippets and teasers, there was no adequate preparation for what was to come in this story. And there is no way for me to even begin to do this book the justice it deserves. Only the very talented Mr. Bane can do that! So, read this as the beautifully created, totally unique love story that it is, knowing that it will definitely steal you away from the real world and throw you into a world you can't even imagine exists. Prepare for the parts that will have you crying and searching the kitchen for your favorite comforting food (mine was s'mores), knowing that Lucian will also provide you with laughs (courtesy of his trademark sense of humor), and plenty of steamy scenes. It's the perfect recipe for my new

favorite Lucian Bane novel!

Being a Facebook fan of Author Lucian Bane, I was teased mercilessly about this book...pun intended! Loll counted down the days until the book was available for purchase "Mercy," and even delayed my gratification a little more by waiting at least a day or two to read it; because I just knew once I tore through the story a little piece of my heart would forever belong to that book...I was NOT disappointed. The magic Lucian Bane weaves throughout "Mercy" possesses the rare ability to throw the reader directly into the fire right along with the characters; and that's precisely where I like to be! The two characters, Sade and Mercy both come from their own painful, heartbreaking past and the way each chose how to deal with their issues touches your very soul with compassion. The way Lucian Bane ties their pasts together and establishes an instant, heart wrenching connection between Sade and Mercy is a beautiful, sometimes tragic, and often times a laugh out loud experience all readers simply must witness for themselves! "Mercy" truly is an amazing testament to the pain and suffering alive in all of us; and the hope that one day someone will love not only what is on the outside, but especially what lies damaged on the inside..."...We can be broken together, just please let me stay with you and love you no matter what? I don't care if you never have sex with me or if you have weird needs, I love you and I'll help you, that's all I want. Broken or fixed, my heart is yours! Sade kissed her, latching his fingers in her hair, the fire from her words overcoming him..."

Where do I begin? I'm not very good at writing reviews but here it goes.. For me this book had my emotions all over the place, nail biting sitting on the edge of your seat wondering what happens next kinda thing.. It also had me crying (which I normally don't do while reading books and is only the second one that made me). The raw emotional feeling this book leaves you feeling is impeccable. It makes you feel things you thought you dealt with in your own past as well as making you look at your own life and wonder what demons you have hidden only to show that special someone who truly understands who you are and meshes with you to make you whole. I do have to add this quote in here because well it just hits home for me. "Some people are born to survive. No matter what comes their way, no matter how much pain is dealt them, they live. They survive it somehow." I was born to be a survivor and deal with every blow that is given to me. This line in this book will forever be in my heart because I live it everyday. This is by far the best book written by Mr. Lucian Bane and can't wait for the next one. Congratulations Lucian!!
