Demon's Fever (Hell Unleashed Book 1)

Synopsis

A half-demon dating a demon hunter... she's asking for danger. After losing her dishwasher job, Cary Stone finds herself broke and homeless. And, oh yeah, she's also a half-demon who has to stay in hiding because everyone wants her dead. Awesome. So when she's offered a job to hunt demons at Argos Inc., she jumps at the chance to get a new lease on life. But in order to keep the job, she has to pass a series of tests. Failing isn't an option as Cary has to do whatever it takes to nail this opportunity. And then there is the hotshot demon hunter that is sexy motivation to reach her goal... but if he knew what she really was, he'd want her dead too. Can things get any worse? Levi Walker is pissed off. After being the best demon hunter at Argos Inc. since forever, they want to screw him by not paying him for the jobs? Nope, Levi decides it's time to go. Or at least it was until a hunt he's on spins wildly out of control and causes a catastrophic loss...and everyone at Argos blames Levi. Now faced with being sued for the damage, Levi begins pursuing the evidence to clear his name. Jumping right into the fray, Levi soon finds himself in mortal danger. But he's a fighter who'll battle until the end...which may come sooner rather than later, now that he's met a beautiful and mysterious hunter at Argos and can barely keep his mind on the job. Will Levi stay alive long enough to find the proof to clear his name and leave Argos for good or will Cary prove to be the sexy and dangerous distraction that he just can't ignore?

Love the cover and love the story!

Exciting story line and intriguing characters! I loved the demon car. Can not wait to see what happens in the next book!

Humans would exorcise her if discovered. part demon, part human, and all Cary & Levi
Yeah. Lucky her. HOLY HELL UNLEASHED! I love, Love, LOVE this story of how Cary & Levi meet!
Having read Demon's Mark (book 1) in a box set/anthology a while back, I was instantly captivated
by them, wanting to know more about them and how they met and T.F. satisfied that craving
perfectly! Okay, I just wanted more of this couple-that's-not-a-couple any way I could!! But of
course, now I want more, More, MORE!!! I love, Love, LOVE the ingenuity of this series, the
different types of demons, how to find them, capture & vanquish them, the mysteries & secrets
behind both Cary & Levi, just ALL OF IT!!! I was drawn into the story so quickly & so deeply, it
surprised even me! My world dropped completely away only to be replaced by a demon-filled
Detroit, where I became Cary AND Levi, not only living their stories with them, but taking on their
emotions, fears, feelings, pain, worry, heat and euphoria too! In other words, I experienced
everything with them! Which now explains why I feel like I had my butt kicked by a demon, but also
blissed out from the rocking of my life! wink She has this amazing way of telling a story that makes
you feel as if she is really sharing her own story with you! EVERY SINGLE ASPECT of her stories
are well thought out with perfectly detailed descriptions of EVERYTHING from the scenery &
background/surroundings, to the complex characters and their looks, personality & history, to the
storylines whether they are short or cross over multiple books! All of this combines to bring the
stories to life, to captivate you & hold your attention from beginning to end, to have you feeling,
caring, loving (or hating) the characters, to deeply enhance & enrich your reading experience, taking
you to new heights and places, in ways you will never expect! With her immense, immeasurable

talent and true gift for creating & writing the kinds of stories that I can't put down or get enough of, T.F. Walsh catapulted herself to the top of My Favorite Author list before I had even finished the first book of hers that I read!! (In case you are wondering, the book is Cloaked, the novella that kicks off The Wulfin Legacy series.)

Life is as low as it can get for Cary Stone. So when she's offered a job as a demon hunter at Argos Inc., she eagerly signs on even though she's secretly a half-demon herself. To get the job, she must pass a series of tests. She doesn't want any help, but there's that sexy hunter Levi Walker. Levi is fed up with Argos and ready to quit, but one of his hunts gets out of control and he won't accept a loss. He's going to find the demon or it will kill him. Except it's hard to keep his mind on the job when Cary comes onto the scene. Will she prove to be the one to help him or get him killed? An incredible start to the Hell Unleashed series. It's fast and intense with so many great elements. Hellhounds, vicious hunters, and a demon car. You don't want to miss this one! Cary is a fantastic heroine. No matter she has some demon blood, she's determined to save the rest of the world from their evil. I sympathized with her immediately and her crappy life. She had hit rock bottom when Levi and Argos showed up. And Levi, oh my! He's in a tough situation himself, and that's not even including the demon targeting him. The sizzle between Cary and Levi is fierce. And oh, the secrets they're keeping! A must read for paranormal readers.

I voluntarily reviewed this book. Originally published in Dark Legends: Second Edition as Demon's Mark. Cari is a demon hunter with a disability - she's half demon on her father's side, but no one knows it - especially her employer, Argos, Inc. If anyone finds out, she'll be treated as if she was one of the demons she hunts. Every demon she vanquishes back to hell leaves a stone behind. Argos collects these stones and pays each hunter a bounty based on the type of demon - but only if Argos sanctioned the vanquishing by identifying the demon first. As a half-demon, the blessed objects she uses on the hunt also hurt her, but she must use the tools provided by Argos. Levi is a fellow hunter and previously an employee of Argos. He was fired after a possessed car demolished part of Argos' building. Now he works for them as a contractor to pay off the damages. When Cari and Levi meet, sparks fly -- the good kind. Can they work together without Levi finding out Cari's secrets? Only time will tell.

I loved T.F. Walsh's writing and Demon's Fever (Hell Unleashed Book 1) is her best yet! I found action, suspense and smoldering hot sex to keep me on the edge of

my chair and not wanting to put it down even when I came to the end. I realize T.F.

Walsh's talent when she can make her characters; Cary and Levi come to life and jump right off the pages as the battle rages on, and the interaction between the lovers. How could I not love Cary and Levi! Cary is resourceful, beautiful and absolutely remarkable in Levi's eyes. Cary believes Levi is well; handsome, muscle bound and his willingness to put his life on the line for innocent lives is hot. Demon's Fever (Hell Unleashed Book 1) is the book for you if you enjoy a touch of action, suspense and a sexual heat between two lovers you won't forget I know I can't!

This action packed novel had me hooked from the first sentence to the very last punctuation mark. Walsh creates a vibrant yet dark world that I had a blast with. The unique plot had me on pins and needles, guessing throughout while also caught up in the excitement of the action. The characters were phenomenal as well. I loved getting to know all of their quirks. The secrets were also endearing. Watching the main characters come to trust one another, getting to know each other as I got to know them, made it seem all the more personal. Walsh draws readers in with her intricate and intimate storytelling, but keeps them there with the unforgettable characters that she creates. This all wraps up in an unforgettable whole that is a fantastic start to this new series.
