ISBN-10: 0697047504

ISBN-13: 978-0697047502

Product Dimensions: 7.5 x 0.4 x 9 inches

Shipping Weight: 11.2 ounces

Average Customer Review: 3.7 out of 5 stars 3 customer reviews

Best Sellers Rank: #831,497 in Books (See Top 100 in Books) #116 in Books > Science & Math > Biological Sciences > Zoology > Ichthyology #405 in Books > Science & Math > Biological Sciences > Animals > Fish & Sharks #2929 in Books > Textbooks > Science & Mathematics > Biology & Life Sciences > Biology

## Customer Reviews

A good guide for us to use and to share with visitors to our tanks

I have used this book in numerous fish surveys in Michigan, and have found the keys to be extremely useful, easy to use, and well illustrated. It and Scott & Crossman's "Freshwater Fishes of Canada" are almost the only fish ID books I use. A caveat - its broad geographic scope makes it less useful than regional keys, if they exist for your area.

This is a great book! It has really helped me out in my Ichthyology class. I got this book faster than I had expected but when it arrived one of the corners was very badly bent along with all the pages. I bought the book new and expected better quality.
