## Customer Reviews

bought this as a gift for a friend and we both love this one!!

The best coloring book I have found so far! Pictures aren't too hard mine come out looking great with

gel pens!

Another great book from Jade Summer!! This book is great for seasoned or beginning adult coloring!!

Beautiful designs that are easy to color. Not too intricate, but not too simple either. Most of the designs are floral based, but there are several animals and other objects as well. You get a lot more pages than most books for the price, I feel it's an excellent value. If using the digital version for printing, there is a black border around each page that I would rather have not had, but otherwise there are no large black areas that would make me hesitate to print. I received a free copy to allow me to review the book, but I would not hesitate to buy this otherwise.

Another home run for Jade summers, she definitely knocked this one out of the ballpark. Here's the scoop, 100 different images, free PDF copy and the coolest perk (in my opinion) is the special access you get to the 25 most popular coloring pages from all of her books. The paper is the same as her other books, one image per page and printed black on one side to help prevent bleed through. What I like about this book is there is something for everyone from every skill set, some pages are more intricate than others. A few of my faves are the seahorses, jellyfish, fish (the Marlin especially), and of course the hummingbirds!! You won't be disappointed if you pick up this book. Seriously for the price it's a steal. Don't wait, get busy coloring and be on your way to relaxation station.

First, when this book arrived, it was bent horizontally so badly that not only did it cause a bend in every page, the spine was actually torn! Sadly, that is not just commentary on the book but also speaks to the quality of paper pages. The paper is rather thin, allows for much bleed thru if using a marker or gel pen, when using color pencils, it feels like you could inadvertently tear the page by simply filling in the design. The pages are not perforated either. Over all a disappointment. There are better options in some dollar stores. (so sorry to post this review but it is truthful)

Once again the Jade Summer team has done it again. The art work in this book is BEAUTIFUL!! I highly recommend this book. The paper quality is good. Very stunning artwork. You can't go wrong with books from The Jade Summer Team. This book is for everyone you won't be disappointed. I bought one for myself and 2 friends!!!

This is a great book full of swirly designs. In addition to the anticipated designs, the artist has incorporated additional themes. There are flowers, fish, a duck, whale, lantern, apple, seashell, mushroom, jelly fish, ice cream, seahorse, fish, dolphin, heart, peacock, tarpon butterfly, cupcake and more. Includes something for everyone.
