Customer Reviews

The violence is only because of the way he explained the wrecks and some of the way people look. But please do not let that put you off. this is such a good book that i will read them again. I ordered the whole series at once, Wow. there are three more series that go with this one, and I'm looking forward to reading them all.

I have read quite a few somewhat negative reviews on this series; and it seems the further I get into it the worse the reviews get. I have to admit - I don't understand the problem. I also have to admit that I have not yet read the "Christ Clone Trilogy" I have been hearing so much about; therefore I am unable to compare the two. Once I am done with The Left Behind series the trilogy is at the top of my list. Now, with that out of the way...As always "The Indwelling" was more action packed than the last. Many "Judah-ites" risked their lives and lived to see another day, while others risked and lost their lives in the name of Jesus and their fellow "brothers and sisters." Carpathia has been murdered, and the big question throughout the book was "who did the deed?" I was surprised when I realized who it was; but looking back now the signs were definitely there. As prophesied three days after the murder of Carpathia his body reanimated and he came back to life; this time stronger than ever and possessed by the devil. The worst days are definitely yet to come! I can't wait to jump right in to "The Mark" next. The best thing I am getting out of this series is knowledge of the Bible and the stories inside it. I know the Left Behind series is fictional and it is only based on a very small fraction of the Bible but it's a start. I have all of these questions now; which I think is pretty cool. It has given me a little ambition to get out there and find those answers. The only problem I have at this point is "where do I start?"

You really have to read the entire series to get all of it. It's a great series (some of the books are a bit repetitive in places so as to catch you up but they are early on in the series. I would recommend starting with the 'prequel' which gives you a much broader view of the character Nicoale. I think that is the name of it but would have to search as it's been a while since I've read it. Overall a very good series that is an interpretation of Bible prophesy, although fiction, it starts with the Rapture and continues through Revelation. Some characters you never get a good sense of as they are not fully developed but others you become very familiar with. The movies made on this do not do it justice.

Where do you start? I have to admit that I was disappointed by the effort shown in the "Indwelling". While I recommend the "Left Behind" series to everyone, I sometimes wonder if I should. Believers and non-believers may be equally riveted... if they are not "veteran" readers. In other words- If you've never seen a copper penny, the first one you see has the greatest brilliance and luster. The strength of this book lies in the message not the style in which it is delivered. If you haven't read many books- I'm sure you'll probably be riveted by the action, however, others may be bored. I guess the main thing that bothers me is that series is getting worse. I can only believe it was because of the decision to expand the series to twelve. I certainly hope that the authors motivation ISN'T to

make money, but I'm starting to wonder. So my recommendation: read the series in order to learn more about God and the upcoming Tribulation (and anything that brings glory unto God is worthwhile), and then pray that the authors start getting serious about their work (at least up to the level of the first few in the series).

Fantastic! This book is the 7th in the Left Behind series, based on the book of Revelation in the Bible. They are all wonderful. I have trouble putting them down. In this book Nicholae Carpathia is assassinated and resurrected as Satan. I find this series interesting and helpful in understanding the book of Revelation prophecies.

Left Behind series- mind blowing! I read all twelve books within two weeks. I've never read anything so fast in my life, and I have Dyslexia (very hard for me to read and comprehend), but these writers are amazing. These books are advertised as fictional, but they follow the Book of Revelations amazingly accurate. I now read more of my Bible and have become closer to my Lord and Savior than ever before.

I read all 14 e-books, I enjoyed them all.

Great book series.
