Great book

Good book;Postage was High cost and by far the very slowest

Christmas gift for wife. She enjoys it very much.

Book was in good shape and just what I was looking for. Thanks

The Jill Gallina book is my first!! It is very well organized and offers the novice collector a basic description of the big names in Christmas pins, their unique aspects, even suggestion of price ranges. My first pin was in the book!(I know Jill Gallina from professional workshops for music educators...even got her books and tapes...which were used endlessly! What a shock to see that she's into Christmas pins! I am now retired, and am fascinated with the creativity behind these flashing baubles. Tah-tah-ti-ti tah to you, Jill!)Great reference! Hope to see more coming from you!

This book by Jill is one of my favorite books, and not just because my own jewelry is included. Jill's wonderful photography showcases a wonderful variety of this collecting category. I doubt there are very many collectors who don't have a least one Christmas tree pin in their collection. And truly, it is very likely that every single woman who loves jewelry has at least one tree pin for holiday wear. This beautiful book is a perfect addition to any vintage costume jewelry reference library, for collectors and dealers alike. And it may even convert non-collectors! Thanks Jill!

I purchased this book along with Christmas Tree Pins/O Christmas Tree and since I rated that book a "5", I am rating this book a strong 4. While the pages are a bit thinner in weight (but still of good quality), the photos are excellent with the pins presented nicely. And, even though the number of pins featured are fewer, this book also includes santas, angels, reindeer, wreaths, and other seasonal pins which makes this a good addition/companion to my library.

This somewhat small book was extremely helpful to me in identifying the values of some recently purchased Weiss candle Christmas Tree Pins. It has also shown me what pins do not carry such a high value.I would love to see more books like this one for holiday jewelry.I would highly recommend this book to anyone interested in Vintage and New Christmas Jewelry.
