Romania: An Illustrated History (Illustrated Histories)

Synopsis

The history of Romania is the history of the Romanian people. Nicolae Klepper, a native Romanian, gives us all of Romania—from the days of the Roman Empire to the fall of communism, and beyond. As a country, Romania has only existed since 1859, but the history of its people stretches back to the late Bronze Age and the early Iron Age, to the Geto-Dacians and the Romans. This concise yet thorough narrative tells the fascinating story of the evolution of the Romanians, the creation of the Romanian Principalities, their struggle against empire-building powers, and their eventual unification to form the state of Romania. Many chapters begin with a section entitled "Perspective," which provides context for Romanian history by describing events occurring simultaneously in other parts of Europe. The book's engaging, accessible format features over eighty illustrations, maps, and charts.

Book Information

Series: Illustrated Histories

Paperback: 332 pages

Publisher: Hippocrene Books (May 1, 2002)

Customer Reviews

Nicolae Klepper, born in Romania, came to America with his parents at the outbreak of World War II, at the age of 12, and settled in New York. Later, returning from a tour of duty with the U.S. Army in Europe, he decided to devote his career to international business. After obtaining Engineering and Business degrees from the University of Denver, he worked and lived in Europe, Africa and the Middle East for the next 25 years. He also author of Romania: An Illustrated History (Hippocrene Books) and his first novel The Geneva Affair (Haret Books). He and his wife, Ann, reside in Edinburgh, Scotland.

My grandparents were immigrants from Iasi, Romania and I read this book in an attempt to learn more about my cultural background. I was not disappointed! This book provides a full history (although the changes politically occur so frequently they become difficult to follow) with focus on the key figures in politics, as well as in literature. The stories of different regions of Romania - Moldavia, Transylvania, Wallachia etc. - are covered. This book is a very readable and very comprehensive introduction to Romanian history.

It was o.k. but nothing I hadn't already learned from material on the internet.

It was a very accurate history of my country. It took me back many years remembering everything. I left Romania in 1960 and I never return to visit. This book remind me of everything that I left behind.

I loved the flow of the book. Very easy to read and follow. The book was full of detail and written in a way to hold your interest. A must read for anyone interested in Romania and the Balkans

This was a gift and it was appreciated.

Good book to have in house if you're romanian. Book arrived in good shape.

Very good!

thank you
