The Devil's Ride: Coffin Nails MC (gay Motorcycle Club Romance Novel) (Sex & Mayhem Book 2)

Synopsis

--- You don't fuck with the club president's son. ---Tooth. Vice President of the Coffin Nails Motorcycle Club. On a neverending quest for vengeance. The last thing he needs is becoming a permanent babysitter for a male hooker. Lucifer. Fallen. Lost. Alone. After a childhood filled with neglect and abuse, followed by his mother's suicide, Lucifer set out into the world alone. There was nothing for him out there other than taking it one day at a time. As the bastard son of the Coffin Nails club president, Lucifer never got much fatherly love. So when the Nails show up at the strip joint Lucifer works in, the last thing he expects is to be put in the custody of Tooth, the Nails Vice President famous for his gruesome interrogation techniques. The man proves to be the sexiest beast Lucifer has ever met. He's also older, straight, and an itch Luci can't ever scratch. Tooth's life came to a halt twelve years ago. His lover got brutally murdered, police never found the perpetrators, and all leads were dead ends. To find peace and his own justice, Tooth joined the Coffin Nails, but years on, he's gotten nowhere with the case, yet still lives on with the burning fire for revenge. Babysitting a deeply scarred teenager with a talent for disappearing is the last thing on his bucket list. He promised himself to never get attached to someone like him again. To make sure the openly gay boy is safe in the clubhouse, Tooth is stuck keeping an eye on him. The big, blue, attention seeking gaze is drawing Tooth in, but fucking the president's son is a complete no-go, even when both their feelings go beyond lust. What Tooth doesn't know is that Lucifer might hold the key to the closure Tooth so desperately needs. **WARNING** Contains adult content: a gritty storyline, steamy scenes, explicit language, violence and abuse. What reviewers say: "If you don't read any other books for the next 2 years! READ THIS ONE!! You won't regret it. 5 'LUCKY' Epic, break me off a piece of that hot Biker, stars." - S.K. Logsdon "This book is longer than the first but just as amazing. The sex scenes are seriously hot, smoothly written and very realistic...my favorite kind! The passion, love, emotion and deep connection between Tooth and Luci is so strongly felt I never wanted to the story to end." - Amanda

Customer Reviews

I love these ladies and their stories. I just finished reading this one and really enjoyed it. Loved the MC Tooth and Lucifer aka "Luci" and they are my favorite type of characters/couples. I've also read their Guns and Boys series...or is it Boys and Guns - whatever - Seth and Dom are truly a favorite pair of mine and I look forward to the third installment of the story. Anyone who is looking into a really good story to chew on and some characters who really get under your skin then these are your authors! I have yet to be disappointed with anything I've come across that they've written. I haven't (yet) read the other two biker stories but I've already bought one and am doing a sample of the next. Not only is the story good but these authors really develop their characters - by the end of the story you know who these guys are and as far as I'm concerned that's missing in a lot of the m/m genre of stories (by other authors). If you like good stories and characters also try Barbara Elsborg and Adrienne Wilder (not to mention my favorite author Suki Fleet). But as to this book - I recommend it very highly.

Book 1 of this series was pretty nasty and violent as I recall. This book was soooo far from that, until the very end. The book dragged terribly for over half the book. Needed to be cut down drastically.

For a biker gang, they were pretty damn warm and fuzzy. Lucifer/Luci had run away at 16, after his mother's suicide, lived on the streets and ended up working in a strip club by 19. The bikers come to the bar, and he is recognized by his father, Priest, the club president. Tooth takes Luci to stay in his room at the clubhouse, where he acts as Luci's caretaker. For a 19 yr. old street kid, Luci still acts like he's 16, is incredibly stupid and goes from brat to goody-two-shoes. After a rocky start he ends up getting all cozy with his dad, half-sister and brother, just not Priest's wife. And all the kids are named after demons (wtf?). Luc is also obsessed with, hair, hair styling and conditioner. Tooth, at 20, lost his first boyfriend and joined the bikers to find and get revenge for the murderers. 12 years later he still knows nothing, no one knows he's gay and he has a box full of BDSM implements. Luci stays in Tooth's room for months, thinks Tooth is straight, except Tooth spanks him frequently as punishments. Of course Luci keeps being a bad boy. He also snuggles with Tooth most nights while they sleep. So this goes on 4-freaking-ever. Finally they have sex but by then, with the juvenile behavior and the spankings, it just feels perverted and creepy. We never get any BDSM to even spice it up. Finally there's a long convoluted conspiracy that puts Luci in danger, there's some grossness and bloodshed and a really bizarre ending. I don't know why I kept reading, except I was sure it had to get better. This is the second K.A. Merikan I've read and it will be the very last.

This story was better than the first one. I must admit it was a little all over the place however most of the characters tie in at some point. I'm still trying to figure out when did Ghost come in and why was his sister so strange her back story wasn't really included just tid bits here and there. I do hope Ghost get his own story especially since he's a Biker Doctor. The tooth fairy was hard core and thuglicious, I felt so sorry for him having to deal with his past and the mayhem with Luci's drama. I was said to see that one guy went through so much and was right around the corner from his dad. How do you hide under the radar like that? Overall it was a good read and I bought both books at once and don't regret it, I will look to add the next one to my collection. Thanks

Where can I sign up for one!?! This guy has it all; alpha, protective, sweet, smart, patient, kinky, and a beard!! Loll also love a good age gap & Tooth and Luci are 12 years apart. This book was full of surprises. A lot of twists and turns, and none of them typical. I love that about K.A. I never expect their stories. Yes, I've read plenty of biker books, but never one with a storyline like this. These ladies are just amazing, I love them more and more with every book I read

I was very hesitant to read this book because I was less than thrilled with the first in the series. I am

so glad I gave this a chance! It is so much better than Road of No Return. Luci and Tooth are both really well developed and likable characters. I felt connected to them both, cared about them both, and really believed their love for each other (plus the build-up to them getting together was perfect... And totally hot when it finally happened!). Additionally, the secondary characters are great, showing both flaws and growth throughout. It makes me wish the rest of the series would stay with the Detroit chapter of the Coffin Nails. ;) Overall, I felt that this book was more successful than the first because it still has that rawness and dark edge, but characters that you actually want to see together. I will definitely be reading the next book whenever it comes out.

So, I don't remember why I picked up this title but while sick recently and looking for something easy to read I gave it a try. I won't rehash the synopsis but give you my impression. I was quite pleased with the writing style which had me finishing in one sitting. The biker club was realistically gritty and didn't appear to be a "name" only style point that many motorcycle club books seem to be lately. The Biker "Tooth" (our hero) was portrayed as quite ruthless and despite his questionable acts you really rooted for him. His description came across a bit "shaggy" rather than rugged. That said I thought the hero (little "h") Lucifer...just call me Luci, was over the top. He was more emotional than a twelve year old. I'm sure it was meant to make him more vulnerable but it played out too immature at times. QUIET vulnerability would have worked better. Also the villain was too obvious early on and needed to be better fleshed out. Sacrificing a sex scene to flesh out the stock villain would have been great. Those minor irritants lowered the grade for me. Three stars would be more accurate but the writing style brought it back up to four.
