EVEN SUPER HEROES SLEEP (DC Super Heroes)

Synopsis

After busy days flying around the world, chasing villains, and keeping people safe, DC's beloved super heroes need to go to sleep. Super heroes in training will definitely relate to this charming bedtime book. Like the other bestselling DC Super Heroes board books (ABC 123, Colors and Shapes, Opposites, Busy Bodies, My First Book of Super Villains, and My First Book of Girl Power), Even Super Heroes Sleep uses DC's classic art to illustrate fan favorite characters getting ready to re-charge. Batman knows his brain works best after he's gotten a good night's sleep (Goodnight Gotham City!). Green Lantern needs his Power Battery, and Superman's super-strength fizzles out at the end of the day. Budding super heroes will appreciate that they, too need a good night's sleep if they're going to grow big and strong...

David Katz is the author of My First Superman Book, My First Batman Book, My First Wonder Woman Book, DC Super Heroes ABC 123, DC Super Heroes Opposites, DC Super Heroes Colors and Shapes, DC Super Heroes Busy Bodies, and My First Book of Super Villains. He also wrote the award-winning play, The History of Invulnerability, about Superman creator Jerry Siegel. He lives in New York City with his wife and 4 sons (one of whom is his co-author, Morris Katz)--and a basement full of comic books.

We are in the process of collecting all of the DC First Books, and this one is definitely my favorite. A sweet introduction to all of the DC superheroes, and a fun way to get the child involved. "Say goodnight, Batman!"

This book was a gift for my 2 year old son! He loved it! The book has all sorts of interactions with the reader. He wants to read it every night

I love the entire series! The batman book is one of the family favorites. The page with the batmobile can be a bit hard to move.

My daughter got the biggest kick out of these books! Though spiderman has her heart this DC momma is hoping a little persuasion at story time might help swing her vote! Great product, Awesome graphics, and good for a laugh!

Super cute, brightly colored and uses a more vintage style for the hero depictions. My son loves this book!

I was admittedly stunned when my 1-year-old daughter remained so well engaged with this book. I have the option of reading the blurbs -- all of them -- page by page, or just reading the "good night" lines, depending on her patience. She loves the colors and imagery, keeping her interest as we do our nightly bedtime routine. The best part for me as a comic geek who has always loved this classic Super Powers-esque representations of the characters is that I am introducing my daughter early.

This has become a requirement to read each night.

My toddler is obsessed with DC, no thanks to dad, these books are perfect for him! Love them!
