Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

i did not know what this was when i bought it. Did not know what "E-Z Play" meant. It means there are giant notes for the melody, and they are labelled with the note name. There are chords above like for guitar. It is for keyboards, with settings for rhythm and style. I play acoustic piano at intermediate level, so was perplexed at first how i was supposed to play this. But i am playing the melody and then the chord with my left hand, so it is like a "fake" book, sort of. Though i would have

liked to have fewer page turns, i find it works pretty well. It has the songs for the US Army, Navy, etc. But some of the verses i had never heard before. The Star Spangled Banner is absent, but there are other patriotic and quasi-patriotic songs. I like it. It is good to have in your bag of tricks for an off-the-cuff playing

Super!

No complaints here and it a good reference book for our Children's Choir ministry! We would recommend this book to our family & friends. Thank you again for everything!

It could include the US Coast Guard Anthem and God Bless America. But outside of that it had everything I need for the Armed Force Tribute for Veterans Day.

Not what I expected. More for organ not piano.

bought for a friend and she loves it but some of the songs weren't familiar to her

Received very quickly. It contains some of the best and most enjoyable music ever written. Also very interesting articles about the composers.

I can't play from any other type of music book. my keyboard does all the work and I look forward to the EZ play today books.
