Evelyn Gallardo is an internationally recognized wildlife photographer, author of the award winning book "Among the Orangutans-the Birute Galdikas Story, 30 articles and a 100 videos on You Tube about Costa Rica. Quepos is a town of 12,000 people and is named for the Quepoa tribe of Indians. It is no exaggeration to write that Costa Ricans may be the happiest people on Earth. The nation hasn't had an army since 1949 and her natural and generated wealth are spent on the People and the environment. Costa Rica has over 500,000 species of life, over 1200 species of butterflies, 900 species of birds as well as sloths, monkeys, wildcats, Jesus Christ Lizard, iguanas and Scarlet Macaw. The Costa Ricans are a peaceful people and believe in Pura Vida. They love family, friends and have a very deep respect for all of nature. In addition to the magnificent beaches, ocean, sunsets and weather, visitors as do the native people, can enjoy both simple and refined dining experiences in Quepos and throughout the Manuel Antonio Region. These include superb coffee, mango crepes, banana bread, fresh fish, chicken, rice, peanut butter pie, excellent cheeses, sausages, pizza and if preferred a personal Chef. There is easy access to a vacation buggy to see the jungle, little towns and nature in all its glory. There is a local farmer's market, parasailing, river tours, ocean tours, beauty salons and excellent care of pets. There is also a superb art gallery that is focused on native artists, carvings, ceramics and wooden creations. Accommodations range from hotels to beautiful home rentals such as The Discovery Beach House. The World is flocking to this country generally and to this region particularly. The reason: bodies and minds become peaceful with the World. Morris Givner, Halifax, Nova Scotia, Canada

After reading this travel guide on the Quepos area, I am excited to start my trip. Having already booked my trip to Costa Rica I started looking for different travel guides for information. I stumbled across this guide on and downloaded since we are planning on staying in that area for a couple of days. How surprised I was to find out that Jimmy Buffet traveled here for his 50th birthday, so am I.

Very informative book with a lot of helpful insight into the area. Personal stories of the different owners add to the authenticity of this guide. Links to websites add to ease of exploring these local businesses. I plan on exploring many of these places on my trip next month.

I loved, loved, loved this book - it tells so much more than "go here, do this and see this". I was able to feel and then embrace Quepos and Manuel Antonio at its finest! I have been to many of the places however have many more to visit now that I have read the book. Thank you to all involved - made me happy!

The book provides a very interesting perspective by an expat that has travelled the world and found her home in Costa Rica. Sharing with would be travellers the insights on the best places to dance, eat and tours, ensuring the best of experiences by visiting tourists.

I've read tons of books about Costa Rica, I'm a little obsessed. This book was interesting, not boring, had lots of practical information. If you're thinking about a trip to Manuel Antonio it is indispensable.

i like this book...informative..
