Mexico, Guatemala, Belize And El Salvador Nelles Map

Synopsis

This map of Mexico, Guatemala, Belize and El Salvador is an excellent resource for both planning your trip and for navigating in these countries once you arrive. At a scale of 1:2,500,000 (1 to 40 miles), the map gives an overview of the region and also provides good detail. The map uses shaded relief to highlight the terrain so that the mountains stand out from the lowlands. All major roads are shown, along with many minor ones, and the map also shows airports and railways. Distances between major cities are given. Points of interest, National parks, Beaches and Archeological sites are all shown. Inset maps with more detail show the Mexico City region and downtown Mexico City, including information about major buildings, Churches, Hotels and shopping areas. The legend is in English, French, German and Spanish.
