Customer Reviews

We purchased for our beginning clarinet player (age 11) to take to lessons. Easy to ready, quality book. He is learning, practicing and enjoying.

I am a novice clarinet player. I am enjoying using this book, but I am using it in tandem with another beginner book called Abracadabra Clarinet. Between the two of them, I feel I am getting a more complete introduction to clarinet playing.

As expected

it has helped me to remember my finger placement even though it did not help with mouth position
thank you

The Learn To Play The Clarinet: Level 1 book arrived on time and was as described. The cover was a little worn but otherwise it was like new.
