## Customer Reviews

I am planning to visit Grand Bahama Island winter of 2014. This book was very helpful in listing many facets of the island, history, geography, food, accommodations, currency and computer connections with costs. I will be referring many times to my Kindle before my trip next year.

nice book

Wow. This is self-publishing at it's worst. It is poorly formatted and the information seems to come from gossip rather than real experience. A total waste of money.
