My grandpa is featured this book so havungbmybown coy was a must

This is a very good history book of the 1st wave of Filipino immigration into the US. The "Manongs" paved the way for other Filipinos, and suffered the same hardships, prejudice, struggles, and triumphs that other immigrants faced. Many books mention the Chinese immigration struggles, and the Japanese internment, but they almost all fail to mention that Filipinos faced this adversity as well.

This is a great introductory book for anyone wanting to learn more about Filipino American history and culture.
