Falling In (Only You Book 2)

Synopsis

When you hit a free-fall, you embrace it. Thomas: Working hard comes naturally, but he's never had to work so hard to get someone to notice him. Clay isn't interested, or is he? The trip on his boat is a test, but will it end in his favor? Temptation has Thomas hot, but will Clay leave Florida before he can act? He must take a chance or he'll never forgive himself. Clay: There's something about Thomas that makes him hot under the collar. It's not just the Florida heat, it's the hot man at his side that has him sweating. Clay wants to take a test drive, but how does he raise the subject. Getting involved could end their friendship, and that's the last thing he wants. Just one kiss will change everything. Will he be brave when the opportunity comes up, or will he ignore the draw and leave Florida without ever taking a chance?

Customer Reviews

I really enjoyed it and can't wait for the next one!

J.S. Finley appears to be a first time author. We have no biographical information nor do we know whether the author is male or female. What we do know after reading this little novel is there is talent aboard, someone who has a keen observation or perception about the military situation and same sex relationships. The rest we'll find out later. The fact that the author can carry a

thought process of a series so well is a positive sign. "FALLING IN" is Book 2 of the ONLY YOU series. Finley understands the fragility of relationships when one of the potential partners has not come to terms with his sexuality. That fact is obvious in the opening paragraph: "Clay Simmons wasn't even off the plane and sweat beaded on his brows. He lifted his hand, wiping the dampness from his forehead. It wasn't any use; he was in Florida, and it was only going to get worse. "Thank you," he mumbled to the flight attendant as he stepped to the jet bridge. On the walk to the terminal, the heat increased. One thing he was sure of, it was hot here—dripping, sweaty hot all the time. How the heck did Thomas live here year-round? His only guess was the water and the beach. The last time they'd gotten together had been in Tennessee, and the weather had been freezing. There was nothing cold about this place. And the plot is well summarized on the first pages of the book: "When you hit a free-fall, you embrace it. Thomas: Working hard comes naturally, but he's never had to work so hard to get someone to notice him. Clay isn't interested, or is he? The trip on his boat is a test, but will it end in his favor? Temptation has Thomas hot, but will Clay leave Florida before he can act? He must take a chance or he'll never forgive himself. Clay: There's something about Thomas that makes him hot under the collar. It's not just the Florida heat, it's the hot man at his side that has him sweating. Clay wants to take a test drive, but how does he raise the subject. Getting involved could end their friendship, and that's the last thing he wants. Just one kiss will change everything. Will he be brave when the opportunity comes up, or will he ignore the draw and leave Florida without ever taking a chance? Solid little novel—better than Book 1—and that is progress.

Grady Harp, July 17 This book is free on Kindle Unlimited.

This read was amazing. I loved book 1 as well but this has some action and cops. Thomas and Clay were a match made in heaven. The sex was on point and lots of it. I really enjoyed that they had a group of friends that were more than accepting of their relationship and loved them regardless. Awesome group of guys that look out for one another loving each other unconditionally. Great job author can't wait to read about Lane and Mike who I think got something going on as well.

This book picks up where Straight Up left off. It features two of the six friends, Clay and Thomas. Ever since their vacation week in Tennessee, they have feelings for each other that are more than just friends. The six guys plan another vacation week in Thomas's hometown. Clay and

Thomas give in to their feelings and get really together. The writing is all right with good and not so good elements. There are some rather insightful phrases that had me thinking. However, there is also a fair amount of repeat of words that gets a bit annoying at times. Clay and Thomas are likable characters. I could feel their attraction, but the insta-love was a bit less realistic. I had trouble with the fact that the author didn't seem to make up their mind about the status of their relationship. They talk about loving each other, but then in the next sentence, they act more like they are friends than lovers. I can understand some doubts and insecurities in a new relationship, but this was sometimes too much. The sex scenes, of which there are a lot, are steamy and hot. For two guys, who were seemingly straight, they moved very fast. Again, this didn't feel natural. There is a bit of suspense coming from Clay's work as a police officer as he is questioned by Internal Affairs. This was nicely done. This is the second book in the Only You series. It is not recommended to read this as a standalone.

I love this band of Marine brothers. Thomas and Clay are so different from each other. They weren't even the closest of the friends. Danged if they weren't on fire for each other. I love the awkward stage of uncertainty these take charge, burly men find themselves in when true love finds them. It doesn't matter, man, woman, gay, straight or bi. Love is Love and humanity follows its heart. I like that, even though these characters and storylines could be deeper, they were DEEP enough to keep ME turning the pages and cheering for Clay and Thomas. I am hoping sooo bad that one more trick is up your sleeve JS Finley, I am a FAN. I HIGHLY RECOMMEND THIS BOOK!!! ALSO SEE BOOK #1 STRAIGHT UP

So glad the guys were able to get together again and now Thomas and Clay are in love and living together. So that leaves the question when Mark moves to Jersey will he and Lane get together and how long do we have to wait for the next book? I hope it's not going to be too long.

Fun escapism, though. The characters were a little wooden and the dialogue was at times wishful thinking. But then, straight men suddenly falling for each other and having incredible sex without lube is pretty much the epitome of wishful thinking.

This installment had a mix of romance, friendship and a little mystery. I like this group of guys who came together because of war but developed life long bonds. Clay and Thomas were a good match.
