Great ideas and doable! Great explanation about wood types!

This is a group of projects for kids. I was hoping for a book oriented more towards real projects worthy of the time it takes to properly prepare pallet wood. Not with my money

looking forward to doing projects

Loved it great service!

my neighbor liked it

Great book. Well written and lots of pics. Lots of ideas. Can't wait to get started.

I absolutely fell in love with this book.. i am trying to build furniture projects but i dont want to spend too much on wood. i love how the author uses basic tools and how descriptive the projects are!!! its a must have!!!

I haven't made anything yet, but the book provides good detail with instructions and offers a variety of ideas and information
