Petunia B. is also the author of the Saucy Matching Game to be published in Spring 2014.

Fun game to play with your partner. The cards come in a nice box. This product was exactly what I was expecting. Fun questions to spice up the mood

great game to spice up your love life with your current partner or your husband/ wife. We just skipped the ones we didn't want to know.

Questions are predictable - things I have thought on my own.

This is a nice set of cards. As they say, it starts from mild and goes to wild. It can be quite thought provoking reading these and talking with your lover, opening up. But I wouldn't recommend these if you're still carrying baggage or harboring skeletons in your closet, as if you want to be truthful, some of these can lead to some very revealing conversations. But if you're open and willing to talk and

learn about each other, these can a great way to learn and grow together.
