One morning Froggy wakes up and discovers snow--glorious snow! Of course he immediately wants to frolic outside, but his sleepy mother reminds him that frogs are supposed to sleep all winter. "Wake up when the snow melts," she calls out from her cozy bed. But Froggy insists. So off he goes after putting on his socks--"zoop," his boots--"zup," his hat--"zat," and his scarf--"zwit." The playful sound effects are perfect for read-aloud merriment and the watercolor illustrations by Frank Remkiewicz (Horrible Harry) are comic-strip silly. As soon as Froggy gets outside his mother calls out to remind him to put on his pants. This, as any child knows, means laboriously pulling off all footwear. "Zwit, zat, zup, zut." Then he forgets his coat and it's more "zut, znap, zum." And then--horror of horrors!--his mother yells out in front of all his animal playmates, "Froggy, your underwear!" (Which of course elicits giggles.) Ultimately, the on- and off-again dressing is too exhausting for Froggy and he winds up right back where he belongs. Good night, Froggy. and Froggy's First Kiss. (Ages 2 to 6) --Gail Hudson --This text refers to the Board book edition.

Abundant onomatopoeia and dialogue between a young frog and his mother make this straightforward story a good choice for reading aloud. The rambunctious Froggy has more pressing pursuits on his mind than hibernating through the winter--"Snow! Snow! I want to play in the snow!" Accompanied by kid-pleasing sound effects (zoop! zup! zat!) he excitedly dons cold-weather gear and "flop flop flop"s outdoors. His mother, however, quickly points out that he has forgotten a few items; he returns to the house repeatedly for such essential apparel as pants, a shirt and a coat--and his long johns. (One memorable illustration has him tugging a red union suit up to his green chin.) The simplicity of London's tale is amusingly complemented by Remkiewicz's (Greedy anna ; The Last Time I Saw Harris) typically colorful, playful take on a frisky protagonist. Any youngster who has ever bundled up for wintertime play will surely laugh out loud over this addled amphibian's constant undressing and dressing. Ages 2-6. Bought this book for my 2-year-old daughter. She thinks it's hilarious ("You forgot your underwear!!!") and has already memorized much of the book (she knows all the sound effects).

This is my overall favorite Froggy book and I loaned mine out and it never got returned. I'm so happy to have it again!

This book was my favorite book as a child. It tells the humorous story of Froggy who struggles to dress appropriately to play outside in the snow. Love this book and Jonathan London's other works.

My grandson loves. He first heard it in preschool and got the giggles because the Frog forgot his underwear. You know how funny these type of things can be for youngsters (5 years). I bought it for our collection. The giggles are enough for me to love it too.

Perfect for my grandson because his daddy remembers laughing and reading this as a little boy. Fun way to encourage young readers.

lots of fun

Very funny book. I ordered it to help me persuade my daughter she needs to layer clothes. It definitely helped. She loves the book, laughs with the story and even calls herself Froggy when she runs around with less clothing.

Love it
