Customer Reviews

I have started ordering these coloring books for my Holiday gifts for my family, I personally bought one for myself then fell in love with the quality and price!!! These have a silicone feeling outer coating on the coloring books which I love!! Its such a nice texture on the outside of a coloring book. This wonder land at midnight adult coloring book two, I bought one of these with my money

and the other was a review product. IT has multiple different styles of fantasy coloring pages. They are all white or black pages with black, grey, or white out lines for the pictures. The pages are not two sided, The front you color and the back looks like a wall paper design. Love these. They are going to be a hit for the holidays!!!! did receive this adult coloring book at a free or discounted price for my 100 percent honest opinion of it. I am in no way affiliated with the maker or seller of this adult coloring book. I receive no monetary compensation for my reviews.

I love this coloring book! I had bought Wonderland at Midnight, which is a similar style but with black backgrounds, and liked it so much that I had to snap this up too. The designs are so different and imaginative - I just love the abstract faces! There is a good mix between more intricate designs, and graphics that can be colored more quickly. The pages are fine for pencils or gel pens (which I used in the picture I posted), but marker can bleed through a little bit if you go over an area too many times. It's not much, though, so putting a blank piece of paper under your design will fix the problem easily. Overall, I highly recommend this coloring book!**Disclaimer: I received this product at a discount in exchange for my honest and unbiased review**

This is the fourth book I've purchased from Papeterie Bleu and I have loved every single one. This book, "Wonderland: A Fantasy Adult Coloring Book" is no exception. Like the others, this one is made very well and full of wonderful pictures to color. These pictures aren't your typical mandelas or traditional designs but feature fun birds and flowers. Some designs have kind of a "tiki" feel to them. They are different from what I've been finding in other more ordinary coloring books. I'm using both gel pens and coloring pencils and either looks great in this book. There are a lot of pictures in this book as well so it will last a good long time.I really like this "Wonderland" book and would recommend it wholeheartedly to anyone looking for a fun adult coloring book.I received this product at a discount in exchange for my honest and unbiased review.

Not over the moon with this one

a nice coloring book

did not like

So cool. Very imaginative designs with thick paper that doesn't bleed.

Not my style, but the paper quality is good.
