## Customer Reviews

Jacob moved into the shadows as he listened in on the conversation between his adopted brother, Jadrian, and the vampire. The vampires had a business selling their blood which had euphoric properties and was quite addicting. Jadrian was using it himself to keep up with his brothers

because his human strength and stamina was just not enough. When the heated transaction ended, the vampire cheating him out of two vials, Jacob turned away and saw a vampire female standing behind him. He could not move, just stared entranced at her. His mind screamed to shift and fly away, but it was long moments before he finally was able to do that. Jacob returned to report on Jadrian's meeting with the vampire to Cade but he was with Jadrian now. Jacob noticed how an unknown woman hung around Cade's wife, Jacqui, with a strange look as if she couldn't get enough of being around her. Jadrian was preparing to give testimony against the Mungons to the rulers of the magical world. The king and queen asked for his opinion and he told them he believed the Mungons wanted war and enslavement of the world. Magicals and non-magicals would be wiped out or put under tight control. They thanked him and all were dismissed while they made their decision. Jacob in the meantime went to rest in the old monastery and found the beautiful vampire from earlier in the hallway. There are many twists and turns in this story which will captivate the reader! Who is the strange woman, what is her business with Cade and Jacqui? Who is beautiful vampire who keeps appearing before Jacob, and what is she trying to do? Mysteries abound, and the suspense keeps the reader eager to find out more. Be sure to read this final book in the Alexander Shifter Brothers series. It's quite possibly the best one yet!

Holy WOW!!!! I started this ARC and thought holy crap then stopped and read the first two before finishing the third. I must say Selina Coffey has a way of writing that draws you into the story and you don't want to blink. This story is not just about one brother and his fated mate but two brothers and their mates, you also get to visit the rest of the family. Jacob is the middle brother that lives in the shadows of his brothers and likes it that way until he comes across a mesmerizing vampire queen, Sabrina, while keeping an eye on his brother Jadrain. Sabrina has plans for Jacob to help destroy the Mungons and save the world. Jadrain is the youngest brother who is adopted and not a shifter but is loved and treated as one. Jadrain has been using Vampires Blood in order to keep his stamina up as shifters do. Jadrain is attracted to Allana, a redheaded Alpha but doesn't trust her. The Alexander men and women come together to plot and plan a way to destroy the Mungons once and for all but things do not always go as planned. This book has plenty of unexpected twists and turns that will leave you thinking WTH!!! This book also has some VERY steamy and descriptive scenes so be ready for a break or two or three!!! Loved all the books but I'll have to say Jacob is my favorite one. I will definitely be purchasing more books by Selina Coffey. Do not hesitate to one click this book, but read in order for the complete picture. Definitely a ten star book!!!! Loved it!!!!

voluntarily reviewed an ARC of this book Thank You Selina Coffey for an amazing story

I received this book as an ARC but had to buy it anyway. (Got some extra's too.) These stories are wonderful. I am amazed at how they just get better and better. Definitely a must read. This author is great at developing a plot. You won't be disappointed with this one. But do read the first 2 to get the whole picture.

A great conclusion to the Alexander brothers. I really enjoyed reading about Jacob and Jadrian's stories simultaneously. Sabrina had a very heartbreaking past, more so than the other characters. I loved having a look into who or what Annie really is. I received an ARC of this book and voluntarily reviewed it.

Enjoyed reading this book, it has a great storyline. Can't wait for more from this author. I received a FREE copy to read voluntarily for an honest review.

Man, I sure did not know what to expect. The books get better and better with each one. They are full of plotting and twists that you just don't know what to expect or what will happen next. It is very exciting to read and I must insist that you read them in order. This is the last book and it wraps up Jardian and Jacob's lives nicely. So in this book 3 Jacob is worried about his brother Jadrian. He has been put on brother babysitting patrol by Cade. He must watch his brother closely as the danger of the Vampires and Mungons threatens the Clan and all man kind. But then he crosses paths with Sabrina the Vampire Queen. What does she want? Why is she following him? Jadrian spots this redhead named Allana following his brother's wife around and he wants to know what game she is playing. Will he figure it out? Or will he let the lust he feels side track him? This book was better than the first two. It was so unexpected and amazing. There were so many twists that you were left with WTF! The characters in this book were just WOW! I was so hooked. Now this book did have more steamy sex scenes in it compared to the first two. It made the first two seem almost PG-13 rated. I was like wow. They even had a bit of ménage à trois going on. Definitely a steamy read. It was a very thrilling novel that kept you guessing the whole time. If you are looking for a unique paranormal romance series, then this series is for you. Not only are they hot and sexy, but they have a great story of fighting to keep the world safe. What story could be more thrilling? I highly suggest this series. It is as entertaining as the Sookie Stackhouse series. Vampires, werewolves, witches and fairies oh
