My wife's starting nursing school some, and this game is helping us to prep! We're both enjoying the questions and also realizing how far we've yet to go in matter of learning. This game, however, makes it a delightful experience and helps prepare her for her journey ahead.

Fun game for my nursing friends and I to play and really does have helpful hints and questions For the nclex! Impressed!

AWESOME GAME !!! A must-have for nursing students!! Have nurses and medics in the family and we all LOVE this game! Excellent study guide for the nursing student and head-banging refresher for us 'old-timers'! If you have a medical professional in the household-this game is a MUST!!!!

My package got lost in the mail but was quick to fix the problem. This game is great... it has testing tips and tricks, with all sections of the test. I look forward to playing it a lot before the NCLEX :)

I bought this game to play with my fellow nursing students we have a lot of fun playing it. There are rationales for all the questions. I would definitely recommend this product! :)
