The Must See Sights Of Oahu (Must See Travel)

Synopsis

The islands of Hawaii are a tropical paradise. Vacationers from all over the world flock to the islands year around to enjoy the amazing weather, the always-warm water, and the slow, mellow pace of that the islands are known for. Oahu is an international destination featuring a wide array of activities, whether it's shows and luaus, water activities like surfing, exploring the islands sea whether in the ocean itself or through shows at Sea Life Park, or checking out the more rural parts of the island through ATV tours and horseback rides. This, straight to the point, guide will point out everything that you must see on your stay on the beautiful island of Oahu. Pick it up for your Kindle and let us guide you around the island and ensure that you take in all of the amazing sites that Oahu has to offer.

Customer Reviews

In the end, there's two ways to see this tiny guide: what could I expect for 99c? OR, a more glass half-full form is to use its references as a starting point. All in all, the suggestions made here are good (with a few lame exceptions like the Polynesian Cultural Center) but you'll have to rely on Trip

advisor to get more in-depth opinions about the attractions and also look the web in general to find driving directions to some of the suggestions (specially beaches), as some of them are not right on the side of the road. You can always go to plan B (like I did) and spend 10 bucks in a full featured guide!

Fast shipping!!!!

If I had not read about the road system on Oahu I would have been lost since many of the roads are not marked. Also the numbers change. But since I was aware of this we had no problems GPS also helps getting out of Honolulu. I'd buy another of these travel books.

outdated

A good overview of things to see when you visit Oahu. Helps when you are doing your pre-travel homework with list-making so you know what there is to see.

Very short.Pretty basic.I guess I expected more...I'll probably refer to it when I take the trip. Ok

Enjoyed the reading. It gave you great In sites to each geographical area. And the short history notes where very fun to share with our group.

It had some good stuff but nothing you can't find anywhere else. Missing some nice hikes and fun activities for kids.
