Tokyo: The Ultimate Tokyo Travel Guide By A Traveler For A Traveler: The Best Travel Tips; Where To Go, What To See And Much More

Synopsis

Congratulations! You've Found The Ultimate Travel Guide To Tokyo. Why You Need Lost Travelers First, we would like to thank you for considering Lost Travelers as your guide book. Allow us to explain our beginnings and the reason we created Lost Travelers. Lost Travelers was created due to one simple problem that other guides on the market did not solve; loss of time. Considering it's the 21st century and everything is available online, why do we still purchase guidebooks? To save us time! That's right. Since the goal is to be efficient and save time, we did not understand why there are several guidebooks on the market that are of 500 to 1000 page long. We do not believe one needs that much bluff to get an overview of the location and some remarkable suggestions. Considering many guidebooks on the market are filled with "suggestions" that were sponsored for, we have decided to take a different approach and provide our travelers with an honest opinion and decline any sort of sponsorship. This simply allows us to cut off any nonsense and create our guides the Lost Travelers style. Our mission is simple; to create an easy to follow guide book that outlines the best of activities to do in our limited time at the destination. This easily saves you your most valuable asset; your time. You no longer need to spend hours looking through a massive book or spend hours searching for information on the internet as we have completed the whole process for you. The best part is we provide you our e-guides for one-third the price of the leading brand, and our paper copy for only half the price. "The World Is A Book And Those Who Do Not Travel Only Read One Page" - St. Augustine Thanks again for considering us, we hope you enjoy! I have always been fascinated about Asia, especially Japan and other South East Asian countries. I have also been wanting to visit Japan, especially Tokyo for a long time. I have been reading several blogs and articles online for visiting Tokyo. But none of them gave me a complete picture. This book by Lost Travelers is a really good book. It has covered pretty much everything I need to know about visiting Tokyo - what to visit, where to stay, where to shop, what to eat, and what are the essential things I should know before I pack my bags - pretty much everything.

What a fun read. Definitely different and easier to read than other more boring travel books. Covers pretty much everything you could want to see and do in Tokyo, and many other interesting tidbits to make visiting Tokyo fun. I especially found the Japanese etiquette section towards the end quite enlightening and useful. This book is very detailed with prices, phone numbers and addresses. Looking forward to making full use of it soon!

Lost Travellers leads readers through the marvels and mysteries of this metropolis from futuristic skyscrapers to ancient temples, from sex clubs to sushi bars. I dream of exploring this city in future and reading this book gave me more urge and desire to fulfill my dreams someday. A place where all nationalities are treated well. Good to have this guide when you are in Tokyo very informative especially the places where to stay and I love the very specific restaurant recommendations. Awesome read.

Japanese culture is so fascinating. However, because of its complex language and grammar it's difficult to connect with it on an intimate level. I have always wanted to visit the country but have pushed it off indefinitely, but now I have a reason to go there. This book is a great travel guide. I can already tell it after reading the thing. It gave me enough courage to schedule a future flight to Japan. I'll be leaving in 2 months. There's so much to explore and I probably won't get to all of the sites.

However, I can already prepare in advance and make sure I get to the most famous monuments and volcanos. It's going to be a blast.. pun intended.

This book is great for the experineced traveler or a first timer. One of my good friends lived there for many years, so I have been told countless stories of the city so I figured I knew a littlr bit, but this book made a fool out of me!!! There are so many interesting facts here it will make you want to travel to Tokyo today!

Great reference book if you're planning to make a trip to Tokyo. This book is a book that should be purchased before travel because it contains useful tips and advice for things to do and places to see. The directions to places are clear and easy. Highly recommended.

Very brief and basic, and it is unclear why various recommendations are made. I would recommend Lonely Planet guides as more helpful.

A thoroughly enjoyable read, fantastically descriptive action scenes. Thomas Caine is a cross between Jack Reacher and Jason Bourne. Andrew Warren really sets the pulses racing with this book, once I started reading it I just had to keep going to the end.
