Customer Reviews

As a parent, I often have a difficult time getting my ten year old son to read for any length of time. ..let alone actually be interested in the material. He sat tonight and read this book from start to finish, giggling the entire time! I couldn't help but to smile to myself as he did. These are his thoughts on the story. "I liked how he combined the names with fart or butt. And I love Star Wars. My favorite chapter was I Think You Need to Go Buy a New Butt Cause This One Has a Crack In It. So Funny!" -Cameron 10 years old We got the audio book, and are going to get the other yucky books soon. What a genius idea for little boy's books!

To most people, even the word "fart" is not used in polite company. I would defie anyone reading this not at least chuckle. I'm a 60 year old grandma and I didn't hesitate sharing this story with my neighbor's grandson. This is a delight to read and silently compare to the Star Wars story. Great job, Mr. O'Neil!

Children and adolescent-aged reader's will be space bound by this Gallatic tale of warring fart factions. The author's ingenious retelling of the Star Wars saga as a smelly battle is mesmerizing and hilarious. Character names are changed to protect the innocent, yet are hilarious fart versions that are recognizable and a gas! I was definitely transported back to the original movie but thoroughly enjoyed the authors' satirically smelling rendition. You won't want to miss the giant moon ship battle. The book will keep kids and adults alike g"ripped" from the first fart to the last.

A book given to my adult son for his birthday.....he & the kids love it when he reads to them

My nephew loved the books! Great for 8year old boy!

I usually have a hard time getting my 8 year old son to read. We began this book during his mandatory reading one day and the next day he actually asked if he could use the kindle to read this. He not only finished the book but asked me to find others in this series for him.

got free on Bookbub.com,,, grand kid had me read it a time or two,

Reads like a Mad-Libs story where every blank was filled in with the word "fart." My 6 year old wasn't particularly impressed with it and has not asked to hear it again.
