Customer Reviews

I remember loving this book as a young pianist! That being said, it is definitely more early intermediate. Definitely something I can use, being a piano teacher! But wasn't sure when I got it how difficult it would be. But I do love it! Lots of nice chords to begin introducing chord substitution!

OK, but not great

I like the way Jerry Ray arranges the songs. I have 4 of his books and I am happy with every one of them.

Definitely!!

We purchased this book at the request of my 10 year old daughter's piano teacher. My daughter has been taking lessons for 5 years. She loves the music--as do we!

Love it!

Love the arrangements of hymns. I would like more upbeat tempo selections.

Very playable and tasteful arrangements. To enlarge the playing time, play the standard hymn once or twice to get to the needed five minutes for a prelude.
