"I believe in miracles!" is how the late Kathryn Kuhlman enthusiastically began each broadcast of her TV show by the same name. This book is a collection of true stories in which the healing power of God came in amazing and unexpected ways to people who were otherwise deemed incurable. You will be encouraged to also believe in miracles, and your faith will be strengthened that the healing touch of Christ is still available to us today. Kathryn Kuhlman, although she never called herself a "healer", did most certainly have an extraordinary healing gift. While preaching to an

audience, the Holy Spirit would suddenly impress upon her that someone present was receiving a healing. Read these stories for yourself. If you feel the need for encouragement that the healing of body, mind, emotions and soul can still happen, even in so-called "hopeless" cases, this book is for you.

Next to the Bible itself, this is the most incredible book I have ever read. It took me forever to read because I was so blown away after each chapter, I had to wait to catch my breath before reading on. I've read several books on miraculous healings but they never went in depth in the people's lives to really show what a true miracle it was. This is a must read for any Christian. It will remind you that all things are possible through Christ and will also take the pressure off of trying to perform for Him in order to receive from Him.

It was so great. You felt the presence of God and the Anointing as you read this book and I even had miracles while reading it.

As the latest leg of the Rizzuto journey began I was compelled to this collection of testimonies to substantiate my faith in Jesus and His healing power. Emotional read that filled my heart and soul with an even stronger faith. Enjoy and have tissues handy.

There are very few who can channel the Holy Spirit like Kathryn Kuhlman and Sara O'Meara. To help someone heal and feel touched by the Holy Spirit is a true gift. We are blessed to have them.

I'm sooooo glad I got this book. Reading it has renewed my faith in the Living and Loving God. There is living hope coming out of every testimony. The people who read the book when I recommended it also found their faith and hope renewed. May God raise up so many more vessels that can bear His glory and love in on earth.

Kathryn Kuhlman (1907 - 1976) was an evangelist who held "Miracle" meetings in which she preached the Gospel and people were healed of all sorts of medical conditions. Kuhlman hated the term "faith-healer", and always gave credit to the Holy Spirit for any miracles of healing that occurred in one of her healing crusades. This book is a case study of about 30 healings. Each story is about 10 pages in length, and each is well documented. Details are given for each miracle healing, how the sickness began, the prognosis, the healing, and the aftermath. Most, if not all of

these cases had their healings confirmed by their doctors. If Miss Kuhlman was a fraud, as many of her critics claim, then this book (and two others that follow), stand in contrast to the critics. The stories stand on the evidence of the healing itself, and the supplementary documentation by medical doctors, family members, and friends. The cases presented are so detailed, they actually invite investigation; therefore, it is inconceivable that Kuhlman would present these stories of healing if there were not in fact true. Read the stories for yourself. As Fox News motto states, "We report - you decide". I wish I could have seen Miss Kuhlman in person. If after reading this book, you are interested in learning more about Miss Kuhlman, I suggest reading the following biography: *Daughter of Destiny: Kathryn Kuhlman*. This biography presents an unvarnished look at Kathryn Kuhlman. [kone](#)

I read this book in two days...I could hardly put it down. Kathryn Kuhlman is a true believer in the holy spirit. I am just sorry that I did not get a chance to meet her, but while reading this book, I cried, laughed, and prayed for the holy spirit to come in my family's lives. I am looking forward to reading other books about her and her relationship with God.
