Customer Reviews

If you are considering purchasing this book, I assume you are already familiar with the Walking Dead. This hardcover collection is my favorite way to read and collect the series. It saves so much room versus buying single issues or the trade paperbacks. The beautiful hardcover protects the stores and ensures they will last for a while. Each volume contains 12 comics as well as some rare artwork and commentary from Robert Kirkman and Charlie Adlard. I love how these look on my shelf and I would recommend them to ANY Walking Dead fan, whether you are brand new to the comics, or already own single issues or trade paperbacks.....these are THE way to collect, read, and enjoy them!!

---Series The Walking Dead - it's just something! In contrast to the comic series is much more interesting and more hooked! After reading the first volume you want to just read all the other volumes without interrupting :)). Personally, I liked the comic book and I look I will wait for the next release! I advise everyone to reading!Best Regard!

Great quality, happy I purchased these. I started reading the Walking Dead very late. I had watched a few seasons of the show on AMC and decided to pick the books up. These are great 12 book compendiums. I pulled through each book quickly to catch up on the series and have now moved to reading these on my iPad when each issue is released. The stories are quite well written and the art is fantastic. Don't expect the same story line of the show and be willing to put aside reality a bit more as well.

I started watching the Walking Dead show when it started, and I was interested to start reading the comic series. I bought book 1 and 2 and learnt very quickly that the comic series is beyond the tv series and beyond better than the tv series. It has a much larger and better story that is extremely well developed, the characters are expanded greatly and you love them more than in the show. I bought finished book 5 and bought book 6 straight after. I waited to know what happened to Rick and his people after the Governor's war. What I got was not disappointing. I have never been disappointed with The Walking Dead. Book 6 finds Rick and his group encounter the deadly Hunters, who are cannibals searching for prey, and a mysterious town that holds peace and freedom for the group...but for how long. Book 6 expands much on Rick and Carl's relationship, focusing a lot on the loss of Lori and Carl's transformation in the zombie world. We get introduced to a possibly worse group of people than that of the Governor, and we see the demise of one of the series most loved characters. rating is 5/5, it is perfect, couldn't put it down.

Great comic series, great books. This is the story about living dead, about zombies, about running from them and fighting with them, but much more about the people, about surviving, about caring for close ones and keeping emotions which make us human, about keeping sanity when it's hardly possible and about developing of ourselves in time when the whole world is collapsing. Robert Kirkman manages to keep the story very interesting through those books, to develop it even more, to build strong characters, and even to surprise us with some fierce events. This book (the whole series) is somehow different from the TV show, some characters and happenings are different, so give it a chance even if you prefer the TV show. I can't wait for the next book, book number 7. I didn't read regular comic books issues and I'm buying only those HC editions, so the further story is still unknown to me.

In Book Six, after the prison storyline and its aftermath, the pace slows. Book Six doesn't have the

kind of wow and climactic of the earlier editions. The second half of the book begins a major new storyline. I won't know how I feel about the storyline that takes up the second half of the book until I see where it goes. The Walking Dead has always been about conflict between the living, and in Book 6 Kirkman begins to explore whether surviving in a world where life is nasty, brutish, and short has worn Rick's group's humanity down to the steel treads. Extras in this specific edition include the full-color comic book covers, assorted miscellaneous artwork, and musings on the artwork by Robert Kirkman. Chapter 11 - Fear the Hunters Chapter 12 - Live Among Them
