This is an awesome collection of quick and easy recipes for the every day man. The cooking level required for most of the recipes is beginner which is great. Kids can help cook and learn to appreciate the art of cooking as well.

I acquired this and never really used it. After a cursory glance immediately after downloading it, it looked to be as advertised.

I love cookbooks and this one is totally awesome for the "man cave". will definitely look for other books from this author.

I love the concept. When we have friends over I don't want to be in the kitchen all day so I am very happy I have found this cookbook. The recipes are really easy and fast entertaining ideas. We love spicy food, so my favorites would have to be the Bacon Jalapeno Dip and the Easy Tex Mex Wings. Great variety of snack ideas so whether you are feeding 4 or 40 people, you will find some gems in here.

I love GAME DAY and this book has 50 awesome Game Day Recipes. I love the title too! I love the Bacon & Cheddar Deviled Eggs and the Bacon-Wrapped Stuffed Tater Tots. My whole family loves the Layered Taco Dip too. What I really think is cool is that he included Man Cave Tools - too cool. Get this one!

This is the first time ever I've purchased an online cookbook. I thought it would be hard to navigate and prepare the recipes but I was wrong. It is so easy to access with my htc phone. I really love this product.

Please read this is fun! Surely people (men!) do not eat like this every time they get together to watch sport (or drink and watch sport or drink, and play sport. Maybe the recipes are tasty and easy to prepare but, goodness, your heart would be taking a beating. Such fun reading, just the same.
