When Kian confesses his true nature, Syssi is not as much shocked by the revelation as she is wounded by what she perceives as his callous plans for her. If she doesn't turn, he'd be forced to erase her memories and let her go. His family's safety demands secrecy - no one in the mortal world is allowed to know that immortals exist. Resigned to the cruel reality, Syssi is determined to enjoy what little time she has with Kian, one day at a time.

Kian and Syssi's story culminates in Dark Stranger Immortal, and the characters embark on a new adventure in book 4: Dark Enemy Taken.

This book hits you completely with the suspenseful play! I seriously don't know where to begin with this one. Syssi is curious about Kian and his family. Like the old saying goes, "Curiosity killed the cat." Well in this case, Syssi's trust. However, true love prevails. Syssi and Kian were destined for one another. Their chemistry is absolutely breathtaking and amazing. Honestly, I'm jealous of it. It's one of those you ache to have yourself, minus the hidden secrets. Dalhu is still being his sneaky self. Only now his plans are to discover where the clan is hiding Syssi and kidnap her for his own personal use. On the other hand, his relationship with Amanda may transform him. I'm eager to know if she can do it! This series keeps getting hotter, intense, and more addiction with each page. Time for Book 4!

Dark Stranger: The Dream-Revealed-Immortal Books 1-3 in The Children of the Gods Series! T. Lucas Books 1 through 3 of Lucas's Children of the Gods series Lucas's Children of the Gods series is unique, eye opening and addicting. Her premise of descendants of Gods battling it out through the centuries and almost wiping out each other and the human race is excitingly fresh in a genre gone stale. The race may be ancient but they surround themselves with all the current luxuries and technologies. With a plucky dialogue, action packed scenes and unforgettable characters they're hard to put down and almost impossible to stop at just one. Books one through three is Kian and Syssi's story and must be read in order. In these first books of the series you will meet most of the characters, learn their history and will become intimate with a few key players. Lovers of all things urban fantasy, myth lovers and fans of kick-butt hero and heroines this is for you. AUDIBLE: The audible edition narrated by Charles Lawrence gives the listener a deeper perspective of the story by magnifying all the emotions and actions of the characters. His seductive baritone does a great job with all the voices and the intonations of the very different characters, females and males, human and immortals. SUMMARY: From the beginning of time there have been near immortal beings who have molded humanity, been the object of worship but who as a race almost destroyed each other and human civilization. Now only two Gods are left both sworn enemies: The followers of Morta, the Doomers and the descendants of the Goddess Annani. Kian, the son of Annani is the leader of his

clan all descendant of the Goddess they live a lonely existence denied true love because the only other of their kind are their greatest enemy. When Kian's sister, Amanda discovers that humans who have certain psychic traits could be in fact dormants of their kind he's skeptical until he meets her assistant and most likely candidate, Syssi and falls head over heels in lust with her. Syssi knows she landed the perfect job as Dr. Amanda Dokani's lab assistant that is until there is a break in at the lab and Amanda insists she stays with her until the danger passes. When Syssi meets Amanda's gorgeous, unsettling brother, her whole world turns upside down and she has no idea what's in store for her.

I took a chance on a new author and discovered an amazing read. The characters are phenomenal and the story and the background are epic. It kept me on the edge of my seat from book 1 to book 3. (I'm on book 4 now and it's just getting better and better.) This is not a simple boy meets girl story with a few romps and a few twist and then it's the end. It's a saga that builds on and on and each book adds another layer. A lot of background is crammed into the first book but it's needed to set up such an epic story. Book 2 is all about the romance and book 3 is bringing it to the happy ending for Syssi and Kian, and sets in motion Amanda's story. I've just finished reading fifty shades and I loved it but some of the scenes were cringe worthy. In this story the dominance and submission is very gentle and loving, it's more in spirit than physical. I liked it much better. In short, I highly recommend it to lovers of sophisticated paranormal romance.

After finishing the first in the series I kept reading straight through the second and the third. The story sucked me in from page 1 and didn't let up even after I finished all 3. I loved each and every one of the characters, with their rich and unique personalities. Kian and Syssi are such a great couple, they're different but complement each other perfectly. I loved Amanda and Andrew, and even Dalhu (the villain in this story) was an interesting and surpassing character (I have a feeling he's not all bad). Can't wait to read the next one. (Please hurry. Soon is not soon enough for me.)

I was looking for a series that would be comparable to JR Ward's BDB series, but I've come to the conclusion that nothing will ever compare. That being said this series is good. Far better than a lot of other paranormal romance series I've read. The stories are good and the characters are decent. The names of the characters are terrible. Overall it's worth the read, but if you're a BDB fan don't have high expectations.

I have a new best friend. Love the books the only thing is the divided into different part I would to be in one event if I pay a little more. I recommend for any one who want a men to so into you the no other women can take you place.

Syssi and kian try to enjoy their time together but it's impossible when they know they are living on borrow time. This is the conclusion of their story and all ends well for them, but Amanda is in trouble and the story goes on. I kept reading and was delighted that Syssi and kian's story doesn't end here. They are not at the center any more but their relationship keeps evolving in the other books.

I really enjoy the Children of the Gods series, I'm on the 5th book in the series now and expect to read all 10. I.T. Lucas is a compelling writer. You can't put these books down once you start reading.
