I have enjoyed this oracle deck. This is going to be a quick review as there isn't much to say about these cards as the intent of it is quite straightforward. So sometimes we simply need a yes or a no answer! This deck is meant for that. Within the deck is Doreen Virtue's standard 44-cards. What I love about this deck is that it was created with Radleigh Valentine who I think is amazing with the realm of Tarot and oracle card divination. I think some of Doreen's best decks are the ones where she's actually utilized other people to make... so her oracle tarot collection with Radleigh and also the Indigo Angel deck with her son, are a few examples. INITIAL READINGS: Um, my initial readings with this deck was mixed. I would find that it would give me somewhat contradictory answers especially if I pulled more than one card (ie 2 cards). Sometimes when I pulled one card it would be an inaccurate reading. If I pulled two cards, they would often contradict, but at least one of them were accurate. Therefore I decided not to rely on this deck for such answers, which was a shame because after all that was the purpose of the deck. RADLEIGH VALENTINE'S TUTORIAL: So recently I was listening to HayHouse radio (the publisher of all of Doreen Virtue, Sonia Choquette, Esther Hicks, etc. stuff) and Radleigh has his one hour weekly radio broadcast and he decided for that show to highlight using Angel Answers deck. After hearing this episode something really clicked! He utilizes this deck differently than Doreen. Doreen tells you to pull only one card from out of the 44-cards and that's your answer. Radleigh uses it differently. He separates the one deck into 3 different piles. One pile is for the yes/no type of cards. The other pile is for timing cards. The third pile is for the rest of the cards. So if you have a question and you want a simple yes/no, you pick up the pile of yes/no type of cards and shuffle those for answers. If you want to know when it will take place, you would pick up the pile for timing cards and shuffle and pick one card. If you want other details then you would resort to picking up the last pile of cards. So yes, Radleigh is a genius! He also tells you there are 2 "No" cards and two "Yes" cards, one of each has an exclamation mark at the end. If you get one of the emphatic YES or NO cards, its telling you absolutely a very strong yes or no... so don't even doubt the answer. MY READINGS NOW: Using Radleigh's technique had

improved my readings with these cards so dramatically its very consistent now. I'm just waiting for the events I've inquire about to pass. I think one did already, and using his technique it was accurate. CONS: The images are kinda like a pink cotton candy puked over this deck with a gilded Liberace feel. However the cardstock quality on this deck is amazing! I feel really kinestetically connected which is not common for me with a lot of Doreen Virtue decks. The timing cards only go up to a year... it would be nice if they added more timing possibilities. However, you can use the yes/no type of cards for asking anything beyond a year in regards to timing, you would simply have to be specific with your question... or more general (ie will I be married more than 20 years?). OVERALL: I reduced this deck by one star only because if I didn't happen to hear Radleigh Valentine's tutorial on HayHouse Radio I would have discarded the deck as inaccurate and inconsistent. CARD NAMES: There's Something Better Get More Information Yes! Yes Unlikely No! No Wait Don't Stop Reconsider Within the Next Few Weeks Take Action You're Ready Within the Next Few Months A Year from Now Not the Right Time Perfect Timing In The Near Future Forgiveness Listen To Your Intuition Meditation Brings Answers Abundance Big Happy Change Ask for Help from Others It's Up to You Communicate Clearly If You Believe Ask Your Angels Success! Improving Health Opportunity Romance Recovery Peaceful Resolution Be Assertive Compromise Helpful People Let Go Trust The Situation Will Improve Choose a New Direction Look for a Sign Remain Positive No Need to Worry

I was recently discussing decks on predicting timing with a friend and how there doesn't seem to be one that exists. I went so far as to make my own, but then the "Angel Answers" deck arrives. Peeling through it I discovered it's much more than a `yes' or `no' deck. It's also a timing deck! I'm indifferent to the use of predicting timing for myself or others since time is fluid, ever shifting and changeable. We know this, but it doesn't stop us from wanting to know when something will happen. That's where this deck offers some additional help. I've been doing trial tests on others and answering their questions by using this deck. I've found it to be precise and on the mark. I'd say about 10 of the 44 cards in this deck are direct when it comes to timing. The cards that are more exact when it comes to timing have phrases on them such as: In the Near Future, A Year From Now, Not the Right Time, Within the Next Few Months, Perfect Timing, Within the Next Few Weeks, Unlikely, If you Believe, Perfect Timing. This deck is great to use when you need a quick answer on something or would like to get as close to accurate timing as you can. You want to get straight to the point. Keep in mind that you will not always pick a card which points to exactly when something will

begin to surface. There might be additional messages that need to be followed in order for something to come to fruition. The cards are easy to shuffle and easy on the eyes. They're bright with a ton of gold and violet popping at you. The images are of angels, saints and other brilliant lights. It struck me much like when you go to those fun, novelty "fortune telling" machines with a gypsy fortune teller's head in the box. A card pops out with a little fortune on it. Except these images are of colorful spirit lights peering at you in most of them. There is a card that says, "Yes" and one that says, "Yes!" As well as a card that says, "No" and one that says, "No!" If you receive a plain old "Yes" or "No" card, then it's a soft yes or no. You could technically ask for additional information in another card as to why something is a yes or no. However, you get a card with an exclamation point that says, "Yes!" or "No!" - then you have a firm response. There is no need to dig further. There are also words on the cards such as, "No need to worry", meaning don't obsess over when something is going to happen. All will work out the way it is intended. It will happen, but be patient and have faith that it will. I recently experienced a bad ankle sprain due to a rock climbing accident. I consulted these cards to ask how it's going. I pulled the "Improving Health" card. I was born with heightened clairaudience, so hearing which card to flip over translates to me constantly flipping over the correct card. Some of the other cards that exist in this deck are: Romance, Let Go, Reconsider, Compromise, Choose a New Direction, Meditation Brings Answers, Don't Stop, Get More Information, Recovery. I was guided to pull three cards from this deck for someone wanting to know when her boyfriend was going to move out of his residence. The cards pulled from this deck were, "Take Action", "You're Ready" and "Ask for help from others". Reading those three cards you can likely assess how this will go. They did not give me timing or say that it wasn't going to happen. It would happen if the guy does something about it (Take Action). He does need to move and can no longer be in the living situation he's in (You're ready). But he will not be able to do it on his own (Ask for help from others). As it turns out, the guy is working with someone who is looking for a new residence for him. He is unable to move out on his own. If he doesn't follow these steps, then it won't happen according to the messages in the spread. I've been using this deck obsessively since I received it. I've found it to be a ton of fun. You don't need to be an experienced reader to use this deck. This will work beautifully for some as it does for me, and not so much for others.

Besides gorgeously glowing artwork that speaks to the soul, these cards epitomize simplicity. Meant for clear, concise, simple answers to questions with one card or several, you can also use them in a conversational manner with a larger spread or in tandem other decks. The artwork also greatly clarifies issues or questions in brief and gentle messages. If one card pulled does not seem to make

sense, that's okay, then look to the cards before and after since they are also appropriate. These are just simply lovely. I held off on purchasing them the first time around, and regretted it, so I bought them, and am so glad I did. Approached with a reverence and sincerity, they are either a great support, or give pause for thought to a different angle not yet considered in a very brief paragraph in the book. Love that, since time is sometimes brief. These are supportive, loving, and heartfelt guidance.
