Customer Reviews

I am normally a Frommer's reader, but when looking for a book for my south Florida vacation this book was rated highly and because my vacation was focused on the Everglades and the Keys I didn't want to lug around a huge travel book that covered the whole state when I only needed info on South Florida. One big plus with this book is all the color photos - Frommer's doesn't do that. I did compare sections of this book to Frommer's online reviews and was interested to see that not all attractions were similar in rating so there is obviously plenty of room for subjectivity. Overall, I thought this was a great book and useful planning tool.

My wife and I had a vacation in South Florida at the end of January. We found the guide to be very useful in planning activities.

We were looking for a guide to Miami and the Keys and had used Fodor's for other trips. The book is well done and has helped us plan our vacation well in advance. I recommend it

I bought this book to use as a resource for an upcoming trip. I have found the information to be very helpful and the book is nicely organized. I will be bringing this book with me on vacation.

The Fodor's guides are really good, but I found that online resources, like Trip Advisor, to be so much more convenient on the road.

A very good and updated travel guide with extensive descriptions, useful tips and a lot of pictures! It has also a detachable map.

This is a very well book and is easy to understand. This book listed many entertaining things to do and places to eat.

very good seller . so fast, receive it next day . just OK . as a gift to my colleague, It is a great product. Fits into our product block.
