Easy-to-Do Card Tricks For Children (Dover Magic Books)

Synopsis

Children love card tricks, and with this book by an expert in magic and card conjuring, youngsters will be able to master a host of tricks especially designed for them. Tricks are arranged in order of difficulty, with the simplest at the beginning of the book. Clearly written, easy-to-follow instructions and over 60 helpful diagrams take aspiring magicians through each step from preparing and manipulating the cards to developing a line of patter (a necessary ingredient for any successful performance). Newcomers to the art of performing card tricks need no special skills just a willingness to practice to accomplish such astonishing stunts as finding a card under seemingly impossible conditions, causing a card to rise mysteriously from the deck, reading the spectator's mind, and 27 other mind-boggling maneuvers.

Customer Reviews

My grandson loves this book and has so much fun with his friends doing tricks.

Doesn't explain tricks in an easy way. Kind of confusing.

Got this for my 10 year old it is hard to follow on how steps are given

No colored pictures, lots of words. My child was bored with it.

I purchased this book as a Christmas gift for my (mature) 7 year old granddaughter, along with a fun "candy" themed deck of cards. After looking through the book I realized that the book and illustrations were simply MUCH too complicated and better suited for "the beginner" that is an older child or an adult. So I tucked it (& the cards) away to give to her when she is a little older.

I bought the book for my grandson. He seemed to like it. Some of the tricks were a little difficult at first to understand by the directions but we figured them out. Good for beginners!

This was a gift for a 10 y/o boy who just couldn't wait to perform these tricks. I would buy it again.
